Section 15 of this bill sets forth the requirements for a charter school that has been in operation for at least 5 years to be exempt from an annual performance audit and undergo a performance audit every 3 years and to be eligible for available money from legislative appropriation or otherwise for facilities.

2. If the State Board approves the application:

(a) The State Board shall be deemed the sponsor of the charter school.

(b) Neither the State of Nevada, the State Board nor the Department is an employer of the members of the governing body of the charter school or any of the employees of the charter school.

3. ~~Upon the initial renewal of a written charter and each renewal thereafter, the~~ *If a college or university within the Nevada System of Higher Education approves the application:*

4. *The* governing body of a charter school may request, *at any time*, a change in the sponsorship of the charter school to an entity that is authorized to sponsor charter schools pursuant to NRS 386.515. The State Board shall adopt objective criteria for the conditions under which such a request may be granted.

~~[4.]~~ 5. Except as otherwise provided in subsection ~~[6.]~~ 7, a written charter must be for a term of 6 years unless the governing body of a charter school renews its initial charter after 3 years of operation pursuant to subsection 2 of NRS 386.530. If the proposed amendment complies with the provisions of this section, NRS 386.500 to 386.610, inclusive, and any other statute or regulation applicable to charter schools, the sponsor may amend the written charter in accordance with the proposed amendment. Sec. 25. NRS 386.570 is hereby amended to read as follows:

386.570 1. Each pupil who is enrolled in a charter school, including, without limitation, a pupil who is enrolled in a program of special education in a charter school, must be included in the count of pupils in the school district for the purposes of apportionments and allowances from the State Distributive School Account pursuant to NRS 387.121 to 387.126, inclusive, unless the pupil is exempt from compulsory attendance pursuant to NRS 392.070. A charter school is entitled to receive its proportionate share of any other money available from federal, state or local sources that the school or the pupils who are enrolled in the school are eligible to receive. If a charter school receives special education program units directly from this State, the amount of money for special education that the school district pays to the charter school may be reduced proportionately by the amount of money the charter school received from this State for that purpose.

2. All money received by the charter school from this State or from the board of trustees of a school district must be deposited in a bank, credit union or other financial institution in this State. The governing body of a charter school may negotiate with the board of trustees of the school district and the State Board for additional money to pay for services which the governing body wishes to offer.

3. If the board of trustees of a school district is the sponsor of a charter school, the amount of money that may be paid to the sponsor pursuant to this subsection for administrative expenses in 1 school year must not exceed:

(a) For the first year of operation of the charter school, 2 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124.

(b) For any year after the first year of operation of the charter school, 1 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124.

4. (b) For any year after the first year of operation of the charter school, 1.5 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124.

5. To determine the amount of money for distribution to a charter school in its first year of operation, the count of pupils who are enrolled in the charter school must initially be determined 30 days before the beginning of the school year of the school district, based on the number of pupils whose applications for enrollment have been approved by the charter school. The count of pupils who are enrolled in the charter school must be revised on the last day of the first school month of the school district in which the charter school is located for the school year, based on the actual number of pupils who are enrolled in the charter school. Pursuant to subsection 5 of NRS 387.124, the governing body of a charter school may request that the apportionments made to the charter school in its first year of operation be paid to the charter school 30 days before the apportionments are otherwise required to be made.

6. If a charter school ceases to operate as a charter school during a school year, the remaining apportionments that would have been made to the charter school pursuant to NRS 387.124 for that year must be paid on a proportionate basis to the school districts where the pupils who were enrolled in the charter school reside.

7. The governing body of a charter school may solicit and accept donations, money, grants, property, loans, personal services or other assistance for purposes relating to education from members of the general public, corporations or agencies. The governing body may comply with applicable federal laws and regulations governing the provision of federal grants for charter schools. The State Board may assist a charter school that operates exclusively for the enrollment of pupils who receive special education in identifying sources of money that may be available from the Federal Government or this State for the provision of educational programs and services to such pupils.

8. If a charter school uses money received from this State to purchase real property, buildings, equipment or facilities, the governing body of the charter school shall assign a security interest in the property, buildings, equipment and facilities to the State of Nevada.

Sec. 26. NRS 386.610 is hereby amended to read as follows:

386.610 1. On or before August 15 of each year, if the board of trustees of a school district *or a college or university within the Nevada System of Higher Education* sponsors a charter school, the board of trustees *or the institution, as applicable*, shall submit a written report to the State Board. The written report must include:

(a) An evaluation of the progress of each charter school sponsored by the board of trustees *or institution, as applicable*, in achieving its educational goals and objectives.

(b) A description of all administrative support and services provided by the school district *or institution, as applicable*, to the charter school.

2. The governing body of a charter school shall, after 3 years of operation under its initial charter, submit a written report to the sponsor of the charter school. The written report must include a description of the progress of the charter school in achieving its educational goals and objectives. If the charter school submits an application for renewal in accordance with the regulations of the Department, the sponsor may renew the written charter of the school pursuant to subsection 2 of NRS 386.530.

Sec. 27. (Deleted by amendment.)

Sec. 28. NRS 387.124 is hereby amended to read as follows:

387.124 Except as otherwise provided in this section and NRS 387.528:

1. On or before August 1, November 1, February 1 and May 1 of each year, the Superintendent of Public Instruction shall apportion the State Distributive School Account in the State General Fund among the several county school districts and charter schools in amounts approximating one-fourth of their respective yearly apportionments less any amount set aside as a reserve. The apportionment to a school district, computed on a yearly basis, equals the difference between the basic support and the local funds available pursuant to NRS 387.1235, minus all the funds attributable to pupils who reside in the county but attend a charter school and all the funds attributable to pupils who reside in the county and are enrolled full time or part time in a program of distance education provided by another school district or a charter school. No apportionment may be made to a school district if the amount of the local funds exceeds the amount of basic support. If an agreement is not filed for a pupil who is enrolled in a program of distance education as required by NRS 388.854, the Superintendent of Public Instruction shall not apportion money for that pupil to the board of trustees of the school district in which the pupil resides, or the board of trustees or governing body that provides the program of distance education.

2. Except as otherwise provided in subsection 3, the apportionment to a charter school, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides minus all the funds attributable to pupils who are enrolled in the charter school but are concurrently enrolled part time in a program of distance education provided by a school district or another charter school. If the apportionment per pupil to a charter school is more than the amount to be apportioned to the school district in which a pupil who is enrolled in the charter school resides, the school district in which the pupil resides shall pay the difference directly to the charter school.

3. The apportionment to a charter school that is sponsored by the State Board  or a college or university within the Nevada System of Higher Education, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil

pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides, minus all funds attributable to pupils who are enrolled in the charter school but are concurrently enrolled part time in a program of distance education provided by a school district or another charter school.

4. In addition to the apportionments made pursuant to this section, an apportionment must be made to a school district or charter school that provides a program of distance education for each pupil who is enrolled part time in the program if an agreement is filed for that pupil pursuant to NRS 388.854 or 388.858, as applicable. The amount of the apportionment must be equal to the percentage of the total time services are provided to the pupil through the program of distance education per school day in proportion to the total time services are provided during a school day to pupils who are counted pursuant to subparagraph (2) of paragraph (a) of subsection 1 of NRS 387.1233 for the school district in which the pupil resides.

5. The governing body of a charter school may submit a written request to the Superintendent of Public Instruction to receive, in the first year of operation of the charter school, an apportionment 30 days before the apportionment is required to be made pursuant to subsection 1. Upon receipt of such a request, the Superintendent of Public Instruction may make the apportionment 30 days before the apportionment is required to be made. A charter school may receive all four apportionments in advance in its first year of operation.

6. The Superintendent of Public Instruction shall apportion, on or before August 1 of each year, the money designated as the "Nutrition State Match" pursuant to NRS 387.105 to those school districts that participate in the National School Lunch Program, 42 U.S.C. §§ 1751 et seq. The apportionment to a school district must be directly related to the district's reimbursements for the Program as compared with the total amount of reimbursements for all school districts in this State that participate in the Program.

7. If the State Controller finds that such an action is needed to maintain the balance in the State General Fund at a level sufficient to pay the other appropriations from it, he may pay out the apportionments monthly, each approximately one-twelfth of the yearly apportionment less any amount set aside as a reserve. If such action is needed, the State Controller shall submit a report to the Department of Administration and the Fiscal Analysis Division of the Legislative Counsel Bureau documenting reasons for the action.

Secs. 29-30. (Deleted by amendment.)
