2       624.220 1. The Board shall adopt regulations necessary to

4 manner consistent with established usage and procedure as found in  
5 the construction business, and may limit the field and scope of the

13 contracts on a single construction site or subdivision site for a single  
14 client. The Board may take any other action designed to limit the  
15 field and scope of the operations of a contractor as may be necessary

24 the Board may require. If a request submitted pursuant to this  
25 section is for a single construction project, the request must be  
26 submitted to the Board at least 2 working days before the date on
