AN ACT relating to child support; revising certain provisions concerning the right of a physical custodian of a child to recover support for a child from the noncustodial parent in certain circumstances; requiring every court order for the support of a child to include a provision to provide coverage for the health care of the child; requiring the Chief of the Program established to locate absent parents, establish paternity and obtain child support to charge and collect certain fees; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Under existing law, when the parents of a child are separated, the physical custodian of the child may recover from the parent without physical custody of the child a reasonable portion of certain costs provided by the physical custodian. In the absence of a court order for support of the child, the parent who has physical custody of the child may not recover more than 4 years of support furnished before the bringing of the action. (NRS 125B.030) **Section 1** of this bill revises this provision to authorize the physical custodian to recover such support in any situation in which the parents of the child do not reside together.

**Section 2** of this bill revises provisions of existing law concerning orders for the support of a child to require that every court order for the support of a child issued or modified in this State on or after the effective date of this act must include a provision specifying that one or both of the parents are required to provide coverage for the health care of the child. (NRS 125B.085)

14 Existing federal law requires the State to charge certain fees relating to the  
15 collection of child support through the Program established to locate absent parents,  
16 establish paternity and obtain child support pursuant to Part D of Title IV of the  
17 Social Security Act, 42 U.S.C. §§ 651 et seq. To comply with the federal law,  
18 **section 3** of this bill requires the Chief of the Program to charge and collect a fee of  
19 up to \$25 each year in each case in which the State has collected more than \$500  
20 and in which the person who has physical custody of the child has never received  
21 Temporary Assistance for Needy Families pursuant to Title IV of the Social  
22 Security Act. The fee must be retained from the support collected for the child  
23 which exceeds \$500. The fees collected by the Chief must be deposited in the State  
24 Child Support Disbursement Fund for use in carrying out the Program.
