AN ACT relating to privacy; revising provisions concerning the protection of certain personal identifying information; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, documents submitted to governmental agencies must not include the social security number of a person except in certain circumstances. (NRS 239B.030) Existing law also prohibits public bodies from disclosing on their websites personal information about a person, except in certain circumstances. Personal information is defined to mean the person's name in combination with his social security number, driver's license number or certain other account numbers. (NRS 239B.050, 603A.040) **Sections 1 and 2** of this bill make consistent the information that is protected from disclosure by public entities on documents submitted to the entity or on the entity's website. **Section 7** of this bill also provides that the last 4 digits of a social security number are not personal information for the purposes of these provisions.

Section 1 of this bill provides certain immunity to officers and employees of a governmental agency relating to the disclosure of personal information. **Section 1** also authorizes a person to request the redaction of personal information from documents submitted to a governmental agency before January 1, 2007.

Section 3 of this bill authorizes the use of the last four digits of a social security number in judgments, and **sections 4 and 6** of this bill remove the requirement of the inclusion of a social security number on certificates of marriage and forms for the reporting of divorces and annulments. (NRS 122.160, 440.135) **Section 5** of this bill authorizes the county recorder to allow the inspection and copying of certain records by family members. (NRS 247.090)
