FILE NUMBER.....

ASSEMBLY CONCURRENT RESOLUTION—Urging the
Commission on Economic Development, regional economic
development authorities and local redevelopment agencies to
develop programs to promote economic development and
urban renewal and to stimulate employment in certain areas.

WHEREAS, The health, safety and welfare of the people of this
State are dependent upon a healthy economy and vibrant
communities; and

WHEREAS, The continual encouragement, development, growth
and expansion of private enterprise within the State require a
cooperative and continuous partnership between government and
private organizations; and

WHEREAS, There are certain depressed and blighted areas in this
State that need the particular attention of government, business,
labor and the residents of Nevada to help attract private investment
into the area; and

WHEREAS, Many older neighborhoods in urban areas are in need
of a redevelopment program focused on breathing new life into
deteriorated areas plagued by social, environmental or economic
conditions which act as a barrier to new investment by private
enterprise; and

WHEREAS, Many of these areas are fully populated communities
in this State that have not benefited from any new growth or new
industry in years, and this has led to a depressed economy, a
negative image for the community and a lost sense of pride among
its residents; and

WHEREAS, As taxpayers in this State, the residents of these
areas deserve to see a portion of the revenue from their tax dollars
used to restore and strengthen their communities, thereby improving
their quality of life; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE
