AN ACT relating to education; eliminating the requirement that certain applicants for the millennium scholarship maintain a certain high school grade point average for receipt of the scholarship; requiring certain applicants to receive at least the statewide average score on certain college entrance examinations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law governs the eligibility requirements for receipt of a millennium
2 scholarship. (NRS 396.930) In addition to other requirements, certain applicants for
3 a millennium scholarship are required by existing law to maintain at least a specified
4 minimum grade point average in high school to be eligible for the scholarship. This bill eliminates the requirement of maintaining a specified grade
5 point average and requires certain applicants to receive at least the statewide
6 average score on the ACT or the SAT college entrance examinations.
