AN ACT relating to education; revising provisions governing the administration of tests, examinations and assessments by the boards of trustees of school districts; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law requires the administration of the following examinations to pupils
2 enrolled in the public schools: (1) examinations that are administered to a national
3 reference group of pupils in grades 4, 7 and 10 (norm-referenced tests or NRTs);
4 (2) examinations that assess the progress of pupils on the state standards of content
5 and performance in grades 3 through 8 (criterion-referenced tests or CRTs); (3) the
6 high school proficiency examination which pupils must pass to receive a standard
7 high school diploma; and (4) examinations of the National Assessment of
8 Educational Progress. (NRS 389.012, 389.015, 389.550) With the exception of the
9 NRTs, the administration of these examinations is required by the No Child Left
10 Behind Act of 2001, 20 U.S.C. §§ 6301 et seq.

11 **Section 2** of this bill limits the district-wide tests, examinations and
12 assessments that the board of trustees of a school district may administer between
13 July 1, 2007, and January 1, 2009.

14 **Section 3** of this bill authorizes the board of trustees of each school district to
15 require, beginning on January 1, 2009, the administration of district-wide tests,
16 examinations and assessments that the board of trustees determines are vital to
17 measuring pupil achievement and progress.

18 **Section 4** of this bill requires the board of trustees of each school district to
19 submit a report to the Legislative Committee on Education concerning the testing
20 of pupils within the school district during the 2006-2007 school year.

1 WHEREAS, The Federal Government and the Nevada Legislature
2 have imposed upon Nevada's public schools progressively more
3 stringent requirements to demonstrate improved academic
4 performance of pupils; and

5 WHEREAS, As a result of these requirements, the public schools
6 in this State are required to administer an increasing number of
7 standardized tests to pupils, including norm-referenced tests,
8 criterion-referenced tests, proficiency tests and tests of the National
9 Assessment of Educational Progress; and

10 WHEREAS, The school districts and charter schools in this State
11 currently administer a variety of tests other than those required by
12 state and federal law; and

13 WHEREAS, A recent report by the State Board of Education
14 indicates that, in the aggregate, the task of preparing for and
15 administering all these tests in schools throughout this State
16 annually consumes hundreds of employee hours and costs at least
17 \$13 million; and

18 WHEREAS, Although there is an undeniable need for test data to
19 evaluate the progress of Nevada's public schools and pupils in
20 meeting the standards of academic performance, the Legislature
21 hereby expresses that the demands for statistical information should
22 not be allowed to unnecessarily divert the time for teachers and
23 pupils to accomplish the work required to meet those standards; and

24 WHEREAS, Assembly Bill No. 484 of this Session, if enacted,
25 requires the Legislative Committee on Education to study the issue
26 of testing during the 2007-2009 interim, including, without
27 limitation, the quantity and quality of tests administered in the
28 public schools; and

29 WHEREAS, Pending completion of the study required by
30 Assembly Bill No. 484 of this Session, if enacted, and potential
31 action by the Legislature in response to the recommendations of that
32 study, the members of the 74th Session of the Legislature hereby
33 deem it appropriate to impose a moratorium on the administration of
34 any test that is not mandated by state or federal law or of any test
35 that was not adopted by a school district before July 1, 2007, now,
36 therefore,
