SUMMARY—Revises provisions governing certain forms used by hospitals in this State. (BDR 40-602)

FISCAL NOTE: Effect on Local Government: No.
Effect on the State: No.

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets ***[omitted material]*** is material to be omitted.

AN ACT relating to public health; revising provisions concerning the billing form that a hospital in this State is required to use for all patients discharged from the hospital; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

This bill eliminates references in existing law to the uniform billing form commonly referred to as the "UB-82," therefore requiring hospitals to use the billing form prescribed by the Director of the Department of Health and Human Services with the approval of a majority of the hospitals licensed in this State for all patients discharged. (NRS 449.485, 686A.315)
