AN ACT relating to the financial administration of counties; authorizing the boards of county commissioners of certain counties to levy an ad valorem tax to pay the costs of operating a regional facility for the detention of children; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law authorizes the boards of county commissioners of at least two
2 counties to levy a property tax of 5 cents per \$100 of the assessed valuation of the
3 property in those counties to pay the costs of operating a regional facility, including
4 certain regional facilities for the detention of children for which those counties are
5 required to pay an assessment for its operation. (NRS 354.557, 354.59818) This bill
6 authorizes the boards of county commissioners of counties whose populations are
7 less than 100,000 (currently counties other than Clark and Washoe Counties) to
8 levy a separate property tax of 4 cents per \$100 of the assessed valuation of the
9 property in those counties to pay the costs of operating such a regional facility for
10 the detention of children.

11 Existing law establishes a general limitation on the maximum amount by which
12 the revenue that a local government may receive from property taxes may increase
13 each year. (NRS 354.59811) This bill exempts the additional levy of property tax
14 authorized by this bill from that limitation.

15 Existing law generally limits the amount by which the tax liability of property
16 may increase each year. (NRS 361.4722, 361.4723, 361.4724) This bill exempts the
17 additional levy of property tax authorized by this bill from that limitation for the
18 first fiscal year in which the tax is imposed.
