
SENATE BILL NO. 266—SENATOR HORSFORD

MARCH 13, 2007

JOINT SPONSOR: ASSEMBLYMAN PARKS

Referred to Committee on Human Resources and Education

SUMMARY—Requires the performance of tests for the human immunodeficiency virus for pregnant women and newborn children. (BDR 40-1063)

FISCAL NOTE: Effect on Local Government: May have Fiscal Impact.
Effect on the State: Yes.

~

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [~~omitted material~~] is material to be omitted.

AN ACT relating to public health; requiring certain prenatal tests for pregnant women under certain circumstances; requiring certain tests for the human immunodeficiency virus for pregnant women and newborn children under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 **Section 6** of this bill requires a provider of health care to ensure that a woman
2 receives, as part of the routine prenatal care recommended for all pregnant women
3 during the first trimester of pregnancy, a test for the human immunodeficiency
4 virus unless the woman chooses not to be tested. **Section 6** requires a provider of
5 health care to ensure that a pregnant woman receives a test for human
6 immunodeficiency virus during her third trimester if she receives health care in a
7 jurisdiction with a high prevalence of human immunodeficiency virus or acquired
8 immunodeficiency syndrome among women of child-bearing age or in a high-risk
9 clinical setting or if she reports that she has one or more of the risk factors
10 identified by the Centers for Disease Control and Prevention, unless the woman
11 chooses not to be tested. **Section 6** also requires a provider of health care to ensure
12 that a pregnant woman receives a rapid test for the human immunodeficiency virus
13 during childbirth if she has not been tested for the human immunodeficiency virus
14 earlier during her pregnancy or the results of an earlier test are not available, unless
15 the woman chooses not to be tested. If a rapid test is administered and the result of
16 the rapid test is positive, the provider of health care must offer to initiate
17 antiretroviral prophylaxis as soon as practicable without waiting for the results of
18 any other test administered to confirm the result of the rapid test.

* S B 2 6 6 R 3 *

19 **Section 7** of this bill requires a provider of health care who attends or assists at
20 the delivery of a child to ensure that a test for the human immunodeficiency virus is
21 performed on the child if the mother has not been tested for the human
22 immunodeficiency virus earlier during her pregnancy or the results of an earlier test
23 are not available, unless a parent or legal guardian of the child objects that
24 performance of the test is contrary to the religious beliefs of the parent or legal
25 guardian.

26 **Section 10** of this bill requires a provider of health care to ensure that, before a
27 woman or newborn child receives any test set forth in this bill, the woman or the
28 parent or legal guardian of the newborn child receives a pamphlet containing
29 information about the human immunodeficiency virus, the test offered pursuant to
30 this bill, the right to refuse the test and other relevant information.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 **Section 1.** Chapter 442 of NRS is hereby amended by adding
2 thereto the provisions set forth as sections 2 to 10, inclusive, of this
3 act.

4 **Sec. 2.** *As used in sections 2 to 10, inclusive, of this act,
5 unless the context otherwise requires, the words and terms defined
6 in sections 3 and 4 of this act have the meanings ascribed to them
7 in those sections.*

8 **Sec. 3.** *“Provider of health care” means:
9 1. A provider of health care as defined in NRS 629.031;
10 2. A midwife; and
11 3. An obstetric center licensed pursuant to chapter 449 of
12 NRS.*

13 **Sec. 4.** *“Rapid test for the human immunodeficiency virus”
14 or “rapid test” means a test that:*

15 *1. Is used to detect the presence of antibodies to the human
16 immunodeficiency virus; and*

17 *2. Provides a result in 30 minutes or less.*

18 **Sec. 5.** *1. Any test for the human immunodeficiency virus,
19 including, without limitation, a rapid test, that is used to carry out
20 the provisions of sections 2 to 10, inclusive, of this act must be
21 approved by the United States Food and Drug Administration.*

22 *2. Each test administered to a woman or performed on a child
23 pursuant to the provisions of sections 2 to 10, inclusive, of this act
24 must be administered or performed in accordance with:*

25 *(a) The provisions of chapter 652 of NRS and any regulations
26 adopted pursuant thereto; and*

27 *(b) The Clinical Laboratory Improvement Amendments of
28 1988, Public Law No. 100-578, 42 U.S.C. § 263a, if applicable.*

29 **Sec. 6.** *1. A provider of health care who provides prenatal
30 care to a woman during the first trimester of her pregnancy shall*

* S B 2 6 6 R 3 *

1 ensure that the woman receives, at her first visit or as soon
2 thereafter as practicable, the routine prenatal screening tests
3 recommended for all pregnant women by the Centers for Disease
4 Control and Prevention, including, without limitation, a screening
5 test for the human immunodeficiency virus, unless the woman
6 chooses not to have a screening test for the human
7 immunodeficiency virus or any of the other prenatal screening
8 tests.

9 2. A provider of health care who provides prenatal care to a
10 woman during the third trimester of her pregnancy shall ensure
11 that the woman receives, between the 27th and the 36th week of
12 gestation or as soon thereafter as practicable, a test for the human
13 immunodeficiency virus if she:

14 (a) Has not been tested for the human immunodeficiency virus
15 earlier during her pregnancy or the results of an earlier test are
16 not available; or

17 (b) Is at high risk for infection with the human
18 immunodeficiency virus,

19 ↳ unless the woman chooses not to have such a test.

20 3. A provider of health care who attends or assists a woman
21 during childbirth shall:

22 (a) Ensure that the woman receives a rapid test for the human
23 immunodeficiency virus if she has not been tested for the human
24 immunodeficiency virus earlier during her pregnancy or the
25 results of an earlier test are not available, unless the woman
26 chooses not to have such a test; and

27 (b) If the rapid test is administered and the result of the rapid
28 test is positive for the presence of antibodies to the human
29 immunodeficiency virus, offer to initiate antiretroviral prophylaxis
30 to reduce the risk of perinatal transmission of the human
31 immunodeficiency virus as soon as practicable after receiving the
32 result of the rapid test and without waiting for the results of any
33 other test administered to confirm the result of the rapid test.

34 4. For the purposes of this section, a woman is at high risk
35 for infection with the human immunodeficiency virus if she:

36 (a) Receives health care in:

37 (1) A jurisdiction that the Centers for Disease Control and
38 Prevention has identified as having an elevated incidence of
39 human immunodeficiency virus or acquired immunodeficiency
40 syndrome among women between the ages of 15 and 45 years; or

41 (2) A health care facility that, under the standards of the
42 Centers for Disease Control and Prevention, is considered a high-
43 risk clinical setting because prenatal screening has identified at
44 least one pregnant woman who is infected with the human

* S B 2 6 6 R 3 *

1 *immunodeficiency virus for each 1,000 pregnant women screened
2 at the facility; or*

3 *(b) Reports having one or more of the risk factors for infection
4 with the human immunodeficiency virus identified by the Centers
5 for Disease Control and Prevention, including, without limitation:*

6 *(1) Engaging in sexual activities with more than one person
7 during the pregnancy without using effective measures to protect
8 against the transmission of the human immunodeficiency virus.*

9 *(2) Engaging in sexual activity with another person in
10 exchange for money or other compensation.*

11 *(3) Engaging in sexual activity with another person who is
12 infected with the human immunodeficiency virus or who has one
13 or more of the risk factors for infection with the human
14 immunodeficiency virus identified by the Centers for Disease
15 Control and Prevention.*

16 *(4) Receiving treatment for a sexually transmitted disease.*

17 *(5) Using a controlled substance or a dangerous drug.*

18 *(6) Receiving a blood transfusion between 1978 and 1985,
19 inclusive.*

20 *5. As used in this section, "dangerous drug" has the meaning
21 ascribed to it in NRS 454.201.*

22 *Sec. 7. A provider of health care who attends or assists at the
23 delivery of a child shall, if the mother has not been tested for the
24 human immunodeficiency virus earlier during her pregnancy or
25 the results of an earlier test are not available, ensure that a rapid
26 test for the human immunodeficiency virus is performed on the
27 child unless a parent or legal guardian of the child objects to the
28 performance of the test because it is contrary to the religious
29 beliefs of the parent or legal guardian.*

30 *Sec. 8. (Deleted by amendment.)*

31 *Sec. 9. (Deleted by amendment.)*

32 *Sec. 10. A provider of health care shall ensure that, before a
33 woman or newborn child receives any test that is used to carry out
34 the provisions of sections 2 to 10, inclusive, of this act, the woman
35 or the parent or legal guardian of the newborn child receives a
36 pamphlet of information concerning:*

37 *1. The human immunodeficiency virus and acquired
38 immunodeficiency syndrome;*

39 *2. The test that will be administered pursuant to sections 2 to
40 10, inclusive, of this act and the benefits and consequences of the
41 test;*

42 *3. Transmission of the human immunodeficiency virus and
43 how to prevent its transmission;*

44 *4. If the pamphlet is for a woman being tested pursuant to
45 section 6 of this act, the right of a woman to refuse a test;*

* S B 2 6 6 R 3 *

- 1 *5. If the pamphlet is for the parent or legal guardian of a*
2 *newborn child being tested pursuant to section 7 of this act, the*
3 *right of the parent or legal guardian to object to a test of a*
4 *newborn child because it is contrary to the religious beliefs of the*
5 *parent or legal guardian; and*
6 *6. Any other information recommended by the Department or*
7 *the Centers for Disease Control and Prevention of the United*
8 *States Department of Health and Human Services that the*
9 *provider of health care determines useful.*
