CHAPTER.....

AN ACT relating to residential facilities; requiring that certain facilities and entities provide notice of the limitations on the services provided at the facility and certain other information; requiring the Aging Services Division of the Department of Health and Human Services to develop the required notice; requiring the Department to develop a brochure and website to assist older persons in determining the appropriate level of care and type of facility they require to meet their needs; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the licensing and regulation of certain facilities and services for dependent persons. (Chapter 449 of NRS) Some facilities that serve as residences for independent living are not required to be licensed pursuant to chapter 449 of NRS. In some situations, such a facility may contain some units that are subject to licensure because of the services that they provide and other units that are not subject to licensure because they do not provide those services. **Section 3** of this bill requires certain facilities which offer independent living to provide notice of the limitations on the services provided and certain other information. **Section 4** of this bill requires the Department of Health and Human Services to develop a brochure and a website to assist older persons seeking residential care or services in determining the appropriate level of care and services available at different facilities.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 449 of NRS is hereby amended by adding thereto the provisions set forth as sections 2, 3 and 4 of this act.

(a) That the specific area of the facility or home is intended for independent living and does not directly provide or coordinate the oversight of services to meet the scheduled and unscheduled needs of its residents, including, without limitation, the provision of personal care, supportive services and health-related services.

(b) The other levels of care that are available to persons who require personal care, supportive services or health-related services, including, without limitation, residential facilities for groups, facilities for intermediate care and facilities for skilled nursing. Sec. 4. 1. The Department of Health and Human Services shall develop a brochure and website to assist persons who are 55 years of age or older in determining the appropriate level of care and type of housing that they require to meet their individual needs. The brochure and website must include, without limitation:

(a) The various types of housing and levels of care that are available to persons who are 55 years of age or older, including, without limitation, residential facilities for groups, facilities for intermediate care and facilities for skilled nursing, distinguishing the varying degree of services that are offered by the different types of facilities;
