AN ACT relating to health; creating a statement of legislative intent regarding various unlicensed practitioners of health care; limiting the scope of this act; allowing certain providers of health care to provide complementary integrative medicine under various circumstances; allowing the Attorney General to adopt regulations to enforce this act; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law provides for and regulates various forms of complementary
2 integrative medicine, including homeopathic medicine. (Chapter 630A of NRS)
3 **Section 2** of this bill is a statement of legislative intent regarding various
4 unlicensed practitioners of health care in this State. **Section 8** of this bill provides
5 that this bill does not apply to, control or prevent certain health care related
6 services. **Section 9** of this bill allows certain providers of health care to provide
7 complementary integrative medicine under various circumstances. **Section 10** of
8 this bill allows the Attorney General to adopt regulations to carry out the provisions
9 of this bill, including, without limitation, civil penalties for violations of this bill.

1 THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
2 SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:
3

4 **Section 1.** Title 54 of NRS is hereby amended by adding
5 thereto a new chapter to consist of the provisions set forth as
6 sections 2 to 10, inclusive, of this act.

7 **Sec. 2.** The Legislature hereby finds and declares that:

8 *1. Based upon a comprehensive report by the National
9 Institutes of Health, a study published by the New England
10 Journal of Medicine, and other research data, it is evident that
11 thousands of persons in this State are presently receiving a
12 substantial amount of health care from practitioners of health
13 care services who are not licensed or certified by this State.*

14 *2. Reports, studies and research data also show that persons
15 from a wide variety of age, ethnic, socioeconomic and other
16 demographic categories utilize these health services, often referred
17 to as complementary and alternative health care practices or
18 natural healing therapies and modalities.*

19 *3. Notwithstanding the widespread utilization of these health
20 care services by residents of this State, the provision of such
21 services may be in technical violation of the professional practice
22 acts governing licensed providers of health care.*

23 *4. As a result, an unlicensed practitioner of the healing arts
24 who is not licensed by this State as a provider of health care could
25 be subject to fines, penalties and the restriction of his practice,
26 although his practice does not cross the threshold of state
27 regulatory concern for the public.*

28 *5. As this State finds that the unlicensed practice of health
29 care services is desirable under certain circumstances and in order
30 to maximize and protect consumer options in health care and for
31 the public's health and welfare, the Legislature intends to remove
32 barriers to the public's access to unlicensed practitioners
33 providing health care services with appropriate consumer
34 protections.*

35 **Sec. 3.** Sections 3 to 10, inclusive, of this act may be cited as
36 *the Consumer Access to Health Care Services Act.*

37 **Sec. 4.** As used in this chapter, unless the context otherwise
38 requires, the words and terms defined in sections 5, 6 and 7 of this
39 act have the meanings ascribed to them in those sections.

40 **Sec. 5.** 1. "Complementary integrative medicine" includes
41 a range of health care and methods of healing, modalities,
42 diagnostics, treatments, procedures and protocols which are not
43 generally recognized by the medical community as standard or
44 conventional medical approaches and are used to enhance or
45 complement a standard treatment.

1 2. The term includes, without limitation, biofermentics,
2 bi oxidative therapy, electrodiagnosis, herbal therapy, homeopathy,
3 lifestyle modification, naturopathy, neural therapy,
4 neuromuscular integration, nutrition, orthomolecular therapy,
5 peptides, stem cell therapy and therapeutic equivalents.

6 3. As used in this section:

7 (a) "Biofermentics" means any fermentational process the
8 results of which have a physiological effect.

9 (b) "Bi oxidative therapy" means the use of substances to
10 promote healing at the cellular level by using oxygen in its various
11 forms.

12 (c) "Electrodiagnosis" means the use of a device for
13 electrodermal testing to measure the resistance of skin at
14 acupuncture points to:

15 (1) Evaluate and treat a patient; and

16 (2) Assist in the selection and use of homeopathic
17 medicines, nutriceutical medicines or other forms of therapy.

18 (d) "Herbal therapy" means to prescribe and use plants and
19 extracts of plants, or any combination thereof, to:

20 (1) Treat an ailment or disease of the mind, emotions or
21 body;

22 (2) Cure or relieve any wound, bodily injury, deformity or
23 malfunction of the body; or

24 (3) Restore balance and hemostasis.

25 (e) "Homeopathy" means a system that uses dilutional
26 medicines in accordance with the principle that a substance which
27 produces symptoms in a healthy person can eliminate those
28 symptoms in an ill person, including, without limitation:

29 (1) Nosodes and sarcodes, which are given in microdosage,
30 except that sarcodes may be given in macrodosage;

31 (2) Homeopathic remedies prepared according to
32 homeopathic pharmacology by which the formulation of
33 homeopathic preparations is accomplished by methods of dilution
34 and succussion, including, without limitation, Hahnemannian
35 dilution and succussion;

36 (3) Homeopathic remedies prepared from magnetically
37 energized geometric patterns; and

38 (4) Imprinting or transferring the vital force or energetic
39 essence from a substance to another substance through
40 electromagnetic means and utilized as therapeutic substances.

41 (f) "Lifestyle modification" means counseling to achieve
42 homeostasis through the use of lifestyle factors, including, without
43 limitation, faith, fresh air, sunlight, water, rest, good nutrition,
44 exercise, temperance, discipline, positive attitude, humor, touch
45 and fulfilling relationships.

1 (g) "Naturopathy" means a system of therapy and treatment
2 that relies on natural remedies, including, without limitation,
3 sunlight, air and water, supplemented with diet and massage colon
4 hydrotherapy and any other therapy to promote and enhance
5 health and wellness.

6 (h) "Neural therapy" means the use of an electronic device for
7 testing and treatment or to inject vitamins, minerals, homeopathic
8 medications, herbal extracts, enzymes, orthomolecular substances
9 or any other medicinal or pharmaceutical preparations into:

10 (1) Any acupuncture, acupressure or trigger points of the
11 body;

12 (2) The ganglia of the body; or

13 (3) Any subcutaneous tissue, intracutaneous tissue, intra-
14 articular tissue or periosteal tissue.

15 (i) "Neuromuscular integration" means the progressive
16 harmonization of the endocrine system, immune system,
17 autonomic nervous system, skeletal system and smooth muscle
18 system of a patient with the cognitive and noncognitive faculties of
19 the patient by using:

20 (1) Manipulation of the soft tissues of the body to balance
21 the body; and

22 (2) Thought field therapy to recondition the endocrine
23 system, immune system, autonomic nervous system and central
24 nervous system.

25 (j) "Nutrition" includes, without limitation, the recognition,
26 evaluation, treatment and correction of the unique dietary
27 requirements of a patient.

28 (k) "Orthomolecular therapy" includes:

29 (1) The prescription of topical and oral supplements,
30 medicines and compounded pharmaceutical preparations; and

31 (2) Any intravenous infusion, intramuscular injection,
32 subcutaneous injection and intradermal injection of nutrients,
33 including, without limitation, vitamins, amino acids, minerals,
34 enzymes, compounded pharmaceutical preparations, homeopathic
35 medications, organ preparations, ozone, hydrogen peroxide and
36 chelating agents.

37 (l) "Peptides" means the use of biological molecules to effect
38 cellular function for bioregenerative purposes.

39 (m) "Stem cell therapy" means the use of nonembryonic stem
40 cells in a manner approved by law.

41 (n) "Therapeutic equivalents" means the use of nutriceuticals
42 or any other nonlegend agents or modalities of treatment that
43 possess the same or greater efficacy as any allopathic medications
44 or conventional treatments.

1 Sec. 6. “Unlicensed practitioner” means a person who is not
2 a provider of health care.

3 Sec. 7. “Provider of health care” has the meaning ascribed
4 to it in NRS 629.031.

5 Sec. 8. 1. Except as otherwise provided in section 9 of this
6 act, the provisions of this chapter do not apply to, control or
7 prevent any health care service provided by a person regulated by
8 a board that regulates a provider of health care.

9 2. The provisions of this chapter do not apply to, control or
10 prevent any health care service if it is exempted from regulatory
11 control by this State by a provision in another chapter of NRS.

12 3. The provisions of this chapter do not apply to, control or
13 prevent a person from providing any health care service if the
14 person is exempted from regulatory control by this State by a
15 provision in another chapter of NRS.

16 Sec. 9. Notwithstanding any other provision of law, a
17 provider of health care may provide a complementary integrative
18 medical service to a patient as long as the service:

19 1. Has a reasonable basis for potential benefit to the patient;

20 2. Does not pose a greater risk of direct and significant
21 physical or emotional harm when used as directed than that of a
22 conventional treatment that would have been recommended;

23 3. Is provided by the practitioner with reasonable skill and
24 safety according to the practitioner’s knowledge, education,
25 experience and training in the service; and

26 4. Is preceded by the following procedures:

27 (a) The provider of health care explaining and providing to the
28 patient in plain, written terms the following information:

29 (1) The theoretical approach for the service;

30 (2) The provider of health care’s education, training,
31 experience and credentials regarding the service being provided;

32 (3) The nature and purpose of the service;

33 (4) The expected benefits of the service;

34 (5) The significant and material risks associated with the
35 service; and

36 (6) Any other truthful and nonmisleading information that
37 the patient would reasonably require in order to make an informed
38 determination regarding whether to undertake or refuse the
39 service;

40 (b) The provider of health care obtaining from the patient the
41 patient’s written acknowledgment that the patient has received the
42 information required pursuant to paragraph (a); and

43 (c) The provider of health care obtaining from the patient the
44 patient’s written, informed consent to the service.
