Referred to Committee on Human Resources and Education

SUMMARY—Revises provisions relating to subsurface installations. (BDR 40-1386)

FISCAL NOTE: Effect on Local Government: No.
Effect on the State: No.

~

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [omitted material] is material to be omitted.

AN ACT relating to subsurface installations; revising provisions relating to the notification required before beginning an excavation or demolition under certain circumstances; revising provisions governing certain complaints relating to the conduct of an excavation or demolition; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 **Section 1** of this bill amends the definition of “approximate location of a
2 subsurface installation” to mean a strip of land not more than 24 inches on either
3 side of the exterior surface of a subsurface installation, instead of 30 inches as
4 defined by existing law. (NRS 455.082)

5 Existing law requires a person to give notice to the appropriate association of
6 operators of an excavation or demolition at least 2 working days, but not more than
7 14 calendar days, before the excavation or demolition. (NRS 455.110) **Section 3** of
8 this bill extends the time frame to not more than 28 calendar days before the
9 excavation or demolition.

10 Existing law authorizes certain persons to file a complaint to enjoin certain
11 activities or practices of an operator or a person who is about to conduct an
12 excavation or demolition and authorizes the court to issue a temporary restraining
13 order under certain circumstances. (NRS 455.160) **Section 4** of this bill adds the
14 Regulatory Operations Staff of the Public Utilities Commission of Nevada, the
15 Attorney General, an operator or a person conducting an excavation or demolition
16 to the list of persons authorized to file a complaint. **Section 4** also removes the
17 authorization of a court to issue a temporary restraining order.
