---

AN ACT relating to water; requiring a county to relinquish certain water rights to the State Engineer under certain circumstances; amending the program established by the State Engineer to allow a public water system to receive credits for the addition of certain customers to the system; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

1 **Section 1** of this bill provides that a county must relinquish a water right to the  
2 State Engineer if the water right was dedicated to the county by a person pursuant  
3 to an ordinance that required the person to dedicate the water right in order for the  
4 person to draw water from a domestic well.  
5 Under existing law, the State Engineer has established a program that  
6 authorizes a public water system to receive credits for the addition of new  
7 customers to the system if those customers: (1) voluntarily cease drawing water  
8 from a domestic well; or (2) own certain property that was established as a separate  
9 lot or parcel before July 1, 1993, and enter into an agreement with the public water  
10 system not to drill a domestic well on such property. (NRS 534.350) In addition to  
11 these existing provisions, **section 2** of this bill amends the program to authorize a  
12 public water system to receive credits for the addition of new customers to the  
13 system if those customers own certain property that was established as a separate  
14 lot or parcel on or after July 1, 1993, and connect to a public water system pursuant  
15 to an order of the State Engineer.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN  
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1       **Section 1.** Chapter 533 of NRS is hereby amended by adding  
2 thereto a new section to read as follows:

3       ***1. A county shall relinquish a water right to the State***  
4 ***Engineer if:***

5       ***(a) The water right was dedicated to the county by a person***  
6 ***pursuant to an ordinance that required the person to dedicate the***  
7 ***water right to the county in order to draw water from a domestic***  
8 ***well; and***

9       ***(b) The water right is:***

10       ***(1) In good standing with the Office of the State Engineer;***  
11 ***and***

12       ***(2) Only appurtenant to property which, on or after July 1,***  
13 ***1993, was:***

14               ***(I) Established as a separate lot or parcel; and***

15               ***(II) Approved by the local governing body or planning***  
16 ***commission for service by an individual domestic well.***

17       ***2. A water right relinquished pursuant to subsection 1 retains***  
18 ***its date of priority received pursuant to subsection 3 of***  
19 ***NRS 534.080.***

20       **Sec. 2.** NRS 534.350 is hereby amended to read as follows:

21       534.350 1. The State Engineer shall adopt regulations  
22 establishing a program that allows a public water system to receive  
23 credits, as provided in this section, for the addition of new  
24 customers to the system. The program must be limited to public  
25 water systems in areas:

26       (a) Designated as groundwater basins by the State Engineer  
27 pursuant to the provisions of NRS 534.030; and

28       (b) In which the State Engineer has denied one or more  
29 applications for any municipal uses of groundwater.

30       2. Before the State Engineer adopts any regulations pursuant to  
31 this section regarding any particular groundwater basin, he shall  
32 hold a public hearing:

33       (a) Within the basin to which the regulations will apply if  
34 adequate facilities to hold a hearing are available within that basin;  
35 or

36       (b) In all other cases, within the county where the major portion  
37 of that basin lies,

38       ➔ to take testimony from any interested persons regarding the  
39 proposed regulations.

40       3. Upon adoption of the regulations required by this section  
41 regarding a particular groundwater basin, a public water system  
42 which provides service in that basin is entitled to receive a credit for

1 each customer who is added to the system after the adoption of  
2 those regulations and:

3 (a) Voluntarily ceases to draw water from a domestic well  
4 located within that basin; ~~or~~

5 (b) Is the owner of a lot or other parcel of land, other than land  
6 used or intended solely for use as a location for a water well, which:

7 (1) Is located within that basin;

8 (2) Was established as a separate lot or parcel before July 1,  
9 1993;

10 (3) Was approved by a local governing body or planning  
11 commission for service by an individual domestic well before  
12 July 1, 1993; and

13 (4) Is subject to a written agreement which was voluntarily  
14 entered into by the owner with the public water system pursuant to  
15 which the owner agrees not to drill a domestic well on the land and  
16 the public water system agrees that it will provide water service to  
17 the land. Any such agreement must be acknowledged and recorded  
18 in the same manner as conveyances affecting real property are  
19 required to be acknowledged and recorded pursuant to chapter 111  
20 of NRS ~~1~~; or

21 *(c) Is the owner of a lot or other parcel of land, other than*  
22 *land used or intended solely for use as a location for a water well:*

23 *(1) Which is located within that basin;*

24 *(2) Which was established as a separate lot or parcel on or*  
25 *after July 1, 1993;*

26 *(3) Which was approved by a local governing body or*  
27 *planning commission for service by an individual domestic well on*  
28 *or after July 1, 1993;*

29 *(4) To which a county has relinquished the water rights*  
30 *associated with the land to the State Engineer pursuant to section*  
31 *1 of this act; and*

32 *(5) Which is subject to an order by the State Engineer for*  
33 *the land to be connected to the public water system.*

34 4. The State Engineer may require a new customer, who  
35 voluntarily ceases to draw water from a domestic well as provided  
36 in paragraph (a) of subsection 3, to plug that well.

37 5. A credit granted pursuant to this section:

38 (a) Must be sufficient to enable the public water system to add  
39 one service connection for a single-family dwelling to the system,  
40 except that the credit may not exceed the increase in water  
41 consumption attributable to the additional service connection or  
42 1,800 gallons per day, whichever is less.

43 (b) May not be converted to an appropriative water right.

44 6. This section does not:

45 (a) Require a public water system to extend its service area.

- 1 (b) Authorize any increase in the total amount of groundwater  
2 pumped in a groundwater basin.
- 3 (c) Affect any rights of an owner of a domestic well who does  
4 not voluntarily bring himself within the provisions of this section.
- 5 7. As used in this section:
- 6 (a) "Domestic well" means a well used for culinary and  
7 household purposes in a single-family dwelling, including the  
8 watering of a garden, lawn and domestic animals and where the  
9 draught does not exceed 1,800 gallons per day.
- 10 (b) "Public water system" has the meaning ascribed to it in  
11 NRS 445A.840.
- 12 **Sec. 3.** This act becomes effective on July 1, 2007.
