AN ACT relating to health savings accounts; providing for an incremental reduction in certain excise taxes payable by financial institutions and other employers that contribute to health savings accounts for their employees; revising certain statutory references to medical savings accounts to instead refer to health savings accounts; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 **Section 1** of this bill provides for a partial abatement from the payroll tax that
2 is imposed on financial institutions by NRS 363A.130. A financial institution that
3 contributes to the health savings accounts of its employees may apply to the
4 Department of Taxation for approval of a partial abatement that is equal to the
5 amount contributed by the financial institution to those accounts, except that
6 the partial abatement may not exceed a specified maximum percentage of the
7 payroll tax that the financial institution would otherwise pay. **Section 1** specifies
8 that the maximum percentage of this abatement is 10 percent of the payroll tax for
9 the fiscal year ending on June 30, 2008, and increases that percentage by 10 percent
10 for each subsequent fiscal year until setting a maximum abatement of 50 percent of
11 the payroll tax for each fiscal year ending on or after June 30, 2012. A financial
12 institution that fails to comply with certain requirements of **section 1** may be
13 required to repay the amount of the abatement to the Department.

14 **Section 2** of this bill similarly provides for a partial abatement from the
15 business tax that is imposed on other employers by NRS 363B.110. An employer
16 that contributes to the health savings accounts of its employees may apply to the
17 Department of Taxation for approval of a partial abatement that is equal to the
18 amount contributed by the employer to those accounts, except that the partial

19 abatement may not exceed a specified maximum percentage of the business tax that
20 the employer would otherwise pay. **Section 2** specifies that the maximum
21 percentage of this abatement is 10 percent of the business tax for the fiscal year
22 ending on June 30, 2008, and increases that percentage by 10 percent for each
23 subsequent fiscal year until setting a maximum abatement of 50 percent of the
24 business tax for each fiscal year ending on or after June 30, 2012. An employer that
25 fails to comply with certain requirements of **section 2** may be required to repay the
26 amount of the abatement to the Department.

27 Existing law requires trustees of medical savings accounts to report annually to
28 the Commissioner of Insurance the number of those accounts which they
29 administered during the previous year. (NRS 689A.735) **Section 3** of this bill
30 replaces this requirement with the requirement for trustees of health savings
31 accounts to report annually the number of those accounts which they administered
32 during the previous year.

33 Existing law authorizes health maintenance organizations to offer certain health
34 care plans to small employers for the purposes of establishing medical savings
35 accounts. (NRS 695C.325) **Section 4** of this bill replaces this authority with the
36 authority to offer certain health care plans for the purposes of establishing health
37 savings accounts.
