SUMMARY—Makes various changes concerning the Fund for a Healthy Nevada. (BDR 40-158)

FISCAL NOTE: Effect on Local Government: No.

Effect on the State: No.

EXPLANATION – Matter in **bolded italics** is new; matter between brackets [omitted material] is material to be omitted.

AN ACT relating to public health; revising the percentages of and the manner of allocating money in the Fund for a Healthy Nevada for certain programs; [removing the requirement that certain allocations from the Fund be approved by the Interim Finance Committee;] revising provisions governing the subsidies from the Fund for the cost of prescription drugs, pharmaceutical services and certain other benefits; revising the membership and duties of the Grants Management Advisory Committee; repealing the Task Force for the Fund for a Healthy Nevada; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:** 

Under existing law, the Task Force for the Fund for a Healthy Nevada [allocates itself,] makes allocations, or reserves for allocation or expenditure by the Department of Health and Human Services or the Aging Services Division of that Department, certain percentages of money in the Fund for a Healthy Nevada for certain programs and services. (NRS 439.630) Section 3 of this bill eliminates the role of the [Aging Services Division] Task Force in making allocations of money from the Fund [concerning programs relating to senior citizens] and requires the [Task Force] Department to make such allocations itself.

Section 3 of this bill revises the percentages of revenues deposited in the Fund that are required to be allocated for [prescription drugs, pharmaceutical services and other benefits for senior citizens and for] prescription drugs and pharmaceutical services for persons with disabilities. [, from 30 percent and 2.5 percent, respectively, to a combined total of 25 percent.] Section 3 also revises the percentages of revenues deposited in the Fund that are required to be expended for programs to assist [senior citizens and] persons with disabilities to live independently. [from 30 percent (minus \$350,000) and 7.5 percent, respectively, to a combined total of 50 percent (minus \$200,000).]

Section 3 of this bill Freduces from 20 percent to 10 percent the revenues allocated for programs relating to tobacco use and requires that the money allocated for programs relating to tobacco use be expended with a particular emphasis on programs that prevent the use of tobacco by children. Section 3 also requires the [Task Fores] Department to allocate 5 percent of the revenues deposited in the Fund to collect data, conduct research, perform assessments of needs and conduct evaluations concerning the allocations made by the [Task Fores] Department. The remaining 10 percent of the revenues deposited in the Fund is allocated under existing law for programs that improve health services for children, and section 3 requires that the money be expended with a particular emphasis on oral health.

[Finally, section 3 of this bill removes the requirement that the Interim Finance Committee approve a proposed allocation from the Fund which would be used to expand or augment an existing state program.]

Existing law establishes a program to provide subsidies for senior citizens and persons

Existing law establishes a program to provide subsidies for senior citizens and persons with disabilities for the cost of prescription drugs and pharmaceutical services and, for senior citizens, other benefits, including, without limitation, dental and vision benefits. (NRS 439.635-439.690, 439.705-439.795) **Sections 3, 4 and 5** of this bill specifically add hearing aids and other hearing devices to the list of benefits available for both senior citizens and persons with disabilities pursuant to these programs. [Section 5 also makes] Sections 3 and 5 also make persons with disabilities eligible for the same additional benefits for which senior citizens are currently eligible under existing law, including, without limitation, dental and vision benefits. This bill also allows certain veterans to receive such benefits if they qualify as a senior citizen or person with a disability. [even if the veteran receives benefits or services for the same purpose from another source.]

The Grants Management Advisory Committee provides assistance to the Department in the allocation and administration of certain grants administered by the Department. (NRS 232.383, 232.385) Section 6.3 of this bill increases the membership of the Advisory Committee.

Section 6.7 of this bill repeals the Task Force for the Fund for a Healthy Nevada.
