**AN ACT** relating to education; revising provisions governing the review of school districts based upon certain financial management principles; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

1 Existing law provides that to the extent money is made available by the Legislature, each  
2 school district in this State must undergo a review every 6 years to determine whether the  
3 school district is successfully carrying out certain financial management principles. (NRS  
4 387.602-387.644) A school district may, under certain circumstances, be exempt from the  
5 6-year review and undergo the review every 12 years. (NRS 387.631, 387.639) Upon  
6 completion of the review of a school district, the consultant who conducted the review must  
7 submit a preliminary report of the review to the superintendent of schools of the school  
8 district for the superintendent to prepare a written response. The preliminary report and the  
9 final report must be made available to the general public. (NRS 387.631) This bill revises  
10 provisions governing the preliminary report of the review and requires the consultant to  
11 submit the preliminary report to the ***superintendent of the*** school district ***further than the***  
***superintendent or the superintendent's designee*** ***for preparation of a written response*** ***of the school district.*** This bill also makes the preliminary report confidential.
