AN ACT relating to land use; clarifying that certain divisions, exchanges and transfers of land for agricultural purposes are exempt from requirements pertaining to boundary line adjustments and the filing of parcel maps and records of survey; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law generally requires the preparation and filing of a parcel map when land will be divided into four lots or less for transfer or development. (NRS 278.461) However, with respect to the adjustment of boundary lines or the transfer of land as between two abutting parcels, a parcel map is not required if the applicable governing body grants its approval and a professional land surveyor performs a field survey, sets monuments and files a record of survey. (NRS 278.461, 278.5692, 278.5693) In addition, certain divisions of land for agricultural purposes are exempt from the provisions in existing law governing planning and zoning. (NRS 278.320)

This bill clarifies that divisions, exchanges and transfers of land for agricultural purposes are exempt from the provisions in existing law governing planning and zoning, including any requirements pertaining to the adjustment of boundary lines or the filing of a parcel map or record of survey, if each parcel resulting from the division, exchange or transfer: (1) is 10 acres or more in size **[+]**, unless local zoning laws prescribe a larger minimum parcel size; (2) **has a zoning designation consistent with that specified in the applicable master plan, if any;** (3) can be described with reference to the standard subdivisions used in the United States Public Land Survey System; **[+]** (4) qualifies for agricultural use assessment; and **[+]** (5) is served by certain types of access. **This bill provides further that such a parcel ceases to be exempt from the provisions of chapter 278 of NRS if it ceases to qualify for agricultural use assessment or if commercial buildings or residential dwellings which did not exist previously are constructed on the parcel.**
