AN ACT relating to care facilities; requiring child care facilities and facilities for the care of adults during the day to maintain and provide certain information to the parents, guardians or legal representatives of persons cared for in those facilities; requiring licensing authorities to provide summaries **and reports** to the facilities of certain complaints against the facilities; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law requires the licensing of child care facilities (chapter 432A of NRS) and facilities for the care of adults during the day (chapter 449 of NRS). **Section 1** of this bill requires child care facilities to maintain records of licensure **[, inspections]** and disciplinary action, and to make that information available to the public and the parents or guardians of children cared for in the facility. **Section 2** of this bill makes failure to comply with this requirement a ground for revocation of the facility's license. **Sections 3 and 4** of this bill impose similar requirements with respect to facilities for the care of adults during the day. **Sections 2 and 4** also require that summaries **and reports** of complaints against the facilities be provided to the facilities under certain circumstances and made available to the public.
