AN ACT relating to elections; enacting the Agreement Among the States to Elect  
the President by National Popular Vote; **making an appropriation;**  
and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Existing law provides that the nominees for presidential elector of the candidates for  
President and Vice President who receive the highest number of votes in this State at the  
general election thereby become the official presidential electors for this State. (NRS 298.025)  
After being selected, the official presidential electors convene to vote for President and Vice  
President. The official presidential electors are bound to vote for the nominees for President  
and Vice President that prevailed in this State at the general election. (NRS 298.050) This bill  
provides that the nominees for presidential elector of the candidates for President and Vice  
President who received the highest number of votes in the nation would become the official  
presidential electors for Nevada. The provisions of this bill will become effective on the date  
that states with enough electoral votes to equal a majority of the electoral votes have adopted  
this agreement (270 of 538).

This bill contains the text of the Agreement Among the States to Elect the President by  
National Popular Vote without any changes necessary to conform to Nevada law because each  
state wishing to participate in the compact is required to enact the same 888 words, in addition  
to the enacting clause contained in the Agreement.

**Section 5 of this bill makes an appropriation of \$250,000 to the Secretary of State for  
a voter education campaign.**
