EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets **[omitted material]** is material to be omitted.

AN ACT relating to child support; revising certain provisions concerning the right of a physical custodian of a child to recover support for a child from the noncustodial parent in certain circumstances; requiring every court order for the support of a child to include a provision to provide **[coverage]** for the medical support of the child; requiring the Chief of the Program established to locate absent parents, establish paternity and obtain child support to **[charge and collect certain fees;]** **retain a fee in certain cases;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, when the parents of a child are separated, the physical custodian of the child may recover from the parent without physical custody of the child a reasonable portion of certain costs provided by the physical custodian. In the absence of a court order for support of the child, the parent who has physical custody of the child may not recover more than 4 years of support furnished before the bringing of the action. (NRS 125B.030) **Section 1** of this bill revises this provision to authorize the physical custodian to recover such support in any situation in which the parents of the child do not reside together.

Section 2 of this bill revises provisions of existing law concerning orders for the support of a child to require that every court order for the support of a child issued or modified in this State on or after the effective date of this act must include a provision specifying that one or both of the parents are required to provide **[coverage]** for the medical support of the child. (NRS 125B.085)

Existing federal law requires the State to charge certain fees relating to the collection of child support through the Program established to locate absent parents, establish paternity and obtain child support pursuant to Part D of Title IV of the Social Security Act, 42 U.S.C. §§ 651 et seq. To comply with the federal law, **section 3** of this bill requires the Chief of the Program to **[charge and collect from the noncustodial parent of a child]** **retain** a fee of up to \$25 each year in each case in which the State has collected more than \$500 and in which the **[person]** child for whom the collection is made **[has]** and the person who has physical custody of the child have never received Temporary Assistance for Needy Families pursuant

21 to Title IV of the Social Security Act. [The fee must be retained from the support collected for
 22 the child which exceeds \$500. The Chief may collect the fees from the noncustodial parent of
 23 a child in the same manner as the Chief collects support from the noncustodial parent.] The
 24 fees collected by the Chief must be deposited in the State Child Support Disbursement Fund
 25 for use in carrying out the Program. (NRS 425.363)
