AN ACT relating to crimes; prohibiting a person from knowingly and intentionally capturing an image of the private area of another person under certain circumstances; prohibiting a person from knowingly distributing, disclosing, displaying, transmitting or publishing an image captured under such circumstances; prohibiting the inspection or release of such images under certain circumstances; providing penalties; and providing other matters properly relating thereto.

1      **Legislative Counsel's Digest:**

2      This bill, which is patterned after similar provisions of federal law, prohibits a person  
3      from knowingly and intentionally capturing an image of the private area of another person  
4      without the consent of the other person and under circumstances in which the other person has  
5      a reasonable expectation of privacy. This bill also prohibits a person from distributing,  
6      disclosing, displaying, transmitting or publishing an image that the person knows or has  
7      reason to know was made under such circumstances. A person who violates either provision  
8      **for a first offense is guilty of a gross misdemeanor and for a second or subsequent**  
9      **offense** is guilty of a category E felony. ~~I~~, which means that the court is required to sentence  
10     the person to imprisonment in the state prison for a minimum term of not less than 1 year and  
11     a maximum term of not more than 4 years, and may fine the person up to \$5,000. The court is  
12     then required to suspend the execution of the sentence and place the person on probation after  
13     sentencing, unless specific circumstances are established which provide the court with  
14     discretion to decide whether to grant probation. Probation is subject to any conditions imposed  
15     by the court and may include serving up to 1 year in the county jail. (NRS 192.130) This bill  
16     does not prohibit any lawful law enforcement or correctional activity for the purpose of  
17     investigating or prosecuting such violations, but this bill does prohibit the inspection or  
release of such images under certain circumstances to protect the privacy of the victim.
