AN ACT relating to education; revising provisions governing the administration of tests, examinations and assessments by the boards of trustees of school districts; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the administration of the following examinations to pupils enrolled in the public schools: (1) examinations that are administered to a national reference group of pupils in grades 4, 7 and 10 (norm-referenced tests or NRTs); (2) examinations that assess the progress of pupils on the state standards of content and performance in grades 3 through 8 (criterion-referenced tests or CRTs); (3) the high school proficiency examination which pupils must pass to receive a standard high school diploma; and (4) examinations of the National Assessment of Educational Progress. (NRS 389.012, 389.015, 389.550) With the exception of the NRTs, the administration of these examinations is required by the No Child Left Behind Act of 2001, 20 U.S.C. §§ 6301 et seq.

Section 2 of this bill limits the district-wide tests, examinations and assessments that the board of trustees of a school district may administer between July 1, 2007, and January 1, 2009.

Section 14 3 of this bill authorizes the board of trustees of each school district to require, beginning on January 1, 2009, the administration of **[additional]** district-wide tests, examinations and assessments that the board of trustees determines are vital to measuring pupil achievement and progress.

Section 12 4 of this bill requires the **[Boards of Trustees of the Clark County and Washoe County School Districts to submit report]** board of trustees of each school district to submit a report to the Legislative Committee on Education concerning the testing of pupils within **[their respective districts]** the school district during the 2006-2007 school year.

1 WHEREAS, The Federal Government and the Nevada Legislature have
2 imposed upon Nevada's public schools progressively more stringent
3 requirements to demonstrate improved academic performance of pupils; and

4 WHEREAS, As a result of these requirements, the public schools in this
5 State are required to administer an increasing number of standardized tests to
6 pupils, including norm-referenced tests, criterion-referenced tests, proficiency
7 tests and tests of the National Assessment of Educational Progress; and

8 WHEREAS, The school districts and charter schools in this State currently
9 administer a variety of tests other than those required by state and federal
10 law; and

11 WHEREAS, A recent report by the State Board of Education indicates that,
12 in the aggregate, the task of preparing for and administering all these tests in
13 schools throughout this State annually consumes hundreds of employee hours
14 and costs at least \$13 million; and

15 WHEREAS, Although there is an undeniable need for test data to evaluate
16 the progress of Nevada's public schools and pupils in meeting the standards of
17 academic performance, the Legislature hereby expresses that the demands for
18 statistical information should not be allowed to unnecessarily divert the time
19 for teachers and pupils to accomplish the work required to meet those
20 standards; and

21 WHEREAS, Assembly Bill No. 484 of this Session, if enacted, requires the
22 Legislative Committee on Education to study the issue of testing during the
23 2007-2009 interim, including, without limitation, the quantity and quality of
24 tests administered in the public schools; and

25 WHEREAS, Pending completion of the study required by Assembly Bill No.
26 484 of this Session, if enacted, and potential action by the Legislature in
27 response to the recommendations of that study, the members of the 74th
28 Session of the Legislature hereby deem it appropriate to impose a moratorium
29 on the administration of any test that is not mandated by state or federal law
30 or of any test that was not adopted by a school district before July 1, 2007,
31 now, therefore,

32
