AN ACT relating to the financial administration of counties; authorizing the boards of county commissioners of certain counties to levy an ad valorem tax to pay the costs of operating a regional facility for the detention of children; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the boards of county commissioners of at least two counties to levy a property tax of 5 cents per \$100 of the assessed valuation of the property in those counties to pay the costs of operating a regional facility, including certain regional facilities for the detention of children for which those counties are required to pay an assessment for its operation. (NRS 354.557, 354.59818) This bill authorizes the boards of county commissioners of ~~at least two~~ counties whose populations are less than 100,000 (currently counties other than Clark and Washoe Counties) to levy a separate property tax of ~~\$0.4~~ 4 cents per \$100 of the assessed valuation of the property in those counties to pay the costs of operating such a regional facility for the detention of children.

Existing law establishes a general limitation on the maximum amount by which the revenue that a local government may receive from property taxes may increase each year. (NRS 354.59811) **This bill exempts the additional levy of property tax authorized by this bill from that limitation.**

Existing law ~~also~~ generally limits the amount by which the tax liability of property may increase each year. (NRS 361.4722, 361.4723, 361.4724) This bill exempts the additional levy of property tax authorized by this bill from ~~each of these limitations.~~ **that limitation for the first fiscal year in which the tax is imposed.**
