AN ACT relating to public financial administration; revising provisions relating to the expenditure of money received from the Federal Government to prevent or respond to acts of terrorism; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Nevada Commission on Homeland Security is entrusted with various duties designed to protect residents of this State and visitors to this State from acts of terrorism and related emergencies. (NRS 239C.030, 239C.120, 239C.160) **Sections 1 and 2** of this bill require that agencies and other entities within the Executive Branch of State Government other than the Nevada National Guard apply to and obtain the written approval of the Nevada Commission on Homeland Security before making expenditures of money received from the Federal Government for projects or programs to prevent or respond to acts of terrorism.

Under existing law, if the State or a city or county is approved to receive money from any public or private source to pay for projects or programs to prevent or respond to acts of terrorism, the State or the city or county, as applicable, is required to submit to the Nevada Commission on Homeland Security a written report detailing the amount of money that will be received and the purposes for which it will be used. (NRS 239C.070, 239C.300) **Section 3** of this bill requires a local government that receives money **directly** from the Federal Government to pay for projects or programs to prevent or respond to acts of terrorism, to submit to the Commission a written report **[detailing]** **setting forth** the amount of money that the local government received **directly** from the Federal Government and **a general description of** the purposes for which it was spent. (NRS 239C.300) In addition to cities and counties, this reporting requirement applies to local governments such as towns, school districts and general improvement districts. (NRS 239C.070, 239C.300, 354.474)
