AN ACT relating to health savings accounts; providing for an incremental reduction in certain excise taxes payable by financial institutions and other employers that contribute to health savings accounts for their employees; revising certain statutory references to medical savings accounts to instead refer to health savings accounts; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 **Section 1** of this bill provides for a partial abatement from the payroll tax that is imposed
2 on financial institutions by NRS 363A.130. A financial institution that contributes to the
3 health savings accounts of its employees may apply to the Department of Taxation for
4 approval of a partial abatement that is equal to the amount contributed by the financial
5 institution to those accounts, except that the partial abatement may not exceed a specified
6 maximum percentage of the payroll tax that the financial institution would otherwise pay.
7 **Section 1** specifies that the maximum percentage of this abatement is 10 percent of the payroll
8 tax ~~for~~ during the fiscal year ending on June 30, 2008, and increases that percentage by 10
9 percent for each subsequent fiscal year until setting a maximum abatement of 50 percent of
10 the payroll tax ~~for~~ during each fiscal year ending on or after June 30, 2012. A financial
11 institution that fails to comply with certain requirements of **section 1** may be required to repay
12 the amount of the abatement to the Department.

13 **Section 2** of this bill similarly provides for a partial abatement from the business tax that
14 is imposed on other employers by NRS 363B.110. An employer that contributes to the health
15 savings accounts of its employees may apply to the Department of Taxation for approval of a
16 partial abatement that is equal to the amount contributed by the employer to those accounts,
17 except that the partial abatement may not exceed a specified maximum percentage of the
18 business tax that the employer would otherwise pay. **Section 2** specifies that the maximum
19 percentage of this abatement is 10 percent of the business tax ~~for~~ during the fiscal year
20 ending on June 30, 2008, and increases that percentage by 10 percent for each subsequent
21 fiscal year until setting a maximum abatement of 50 percent of the business tax ~~for~~ during
22 each fiscal year ending on or after June 30, 2012. An employer that fails to comply with
23 certain requirements of **section 2** may be required to repay the amount of the abatement to the
24 Department.

Existing law requires trustees of medical savings accounts to report annually to the Commissioner of Insurance the number of those accounts which they administered during the previous year. (NRS 689A.735) **Section 3** of this bill replaces this requirement with the requirement for trustees of health savings accounts to report annually the number of those accounts which they administered during the previous year.

Existing law authorizes health maintenance organizations to offer certain health care plans to small employers for the purposes of establishing medical savings accounts. (NRS 695C.325) **Section 4** of this bill replaces this authority with the authority to offer certain health care plans for the purposes of establishing health savings accounts.
