AN ACT relating to land use planning; revising provisions governing certificates pertaining to the subdivision of existing industrial or commercial buildings; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Under existing law, a professional engineer or registered architect is required to certify that a proposed subdivision of an existing industrial or commercial building will comply with the applicable building code and such a certificate is required to be attached to any document that proposes to subdivide the building. (NRS 278.325) This bill requires such a certificate to indicate that the building complies with applicable current state law and with the building code in effect at the time the building was constructed. This bill also requires that **[in a county whose population is 400,000 or more (currently Clark County)]** such a certificate be reviewed, approved and signed by the building official having jurisdiction over the area within which the building is situated.

---

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN  
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1       **Section 1.** NRS 278.325 is hereby amended to read as follows:

2       278.325 1. If a subdivision is proposed on land which is zoned for industrial  
3 or commercial development, neither the tentative nor the final map need show any  
4 division of the land into lots or parcels, but the streets and any other required  
5 improvements are subject to the requirements of NRS 278.010 to 278.630,  
6 inclusive.

7       2. No parcel of land may be sold for residential use from a subdivision whose  
8 final map does not show a division of the land into lots.

9       3. Except as otherwise provided in subsection 4, a boundary or line must not  
10 be created by a conveyance of a parcel from an industrial or commercial  
11 subdivision unless a professional land surveyor has surveyed the boundary or line  
12 and set the monuments. The surveyor shall file a record of the survey pursuant to

1 the requirements set forth in NRS 625.340. Any conveyance of such a parcel must  
2 contain a legal description of the parcel that is independent of the record of survey.

3     4. The provisions of subsection 3 do not apply to a boundary or line that is  
4 created entirely within an existing industrial or commercial building. A certificate  
5 *prepared* by a professional engineer or registered architect ~~[which certifies]~~  
6 *certifying* compliance with the applicable *law of this State in effect at the time of*  
7 *the preparation of the certificate and with the building code in effect at the time*  
8 *the building was constructed* must be attached to any document which proposes to  
9 subdivide *such* a building.

10     5. *A certificate prepared pursuant to subsection 4 [for a building located in*  
11 ~~a county whose population is 400,000 or more]~~ *must be reviewed, approved and*  
12 *signed by the building official having jurisdiction over the area within which the*  
13 *building is situated.*
