

ASSEMBLY BILL NO. 13—COMMITTEE ON WAYS AND MEANS  
(ON BEHALF OF THE LEGISLATIVE COMMITTEE ON EDUCATION)

PREFILED DECEMBER 5, 2008

---

Referred to Committee on Ways and Means

**SUMMARY**—Revises provisions governing expenditures by school districts for textbooks, instructional supplies and instructional hardware. (BDR 34-295)

**FISCAL NOTE:** Effect on Local Government: No.  
Effect on the State: No.

~

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets **[omitted material]** is material to be omitted.

---

AN ACT relating to education; authorizing the board of trustees of a school district to request a waiver from the required minimum expenditure for textbooks, instructional supplies and instructional hardware during an economic hardship; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law requires the Department of Education to develop a formula for determining the minimum amount of money that each school district is required to expend each fiscal year for textbooks, instructional supplies and instructional hardware. (NRS 387.206) **Section 1** of this bill authorizes a school district to request a waiver from all or a portion of the minimum expenditure requirements when a school district experiences an economic hardship. A request for a waiver must be reviewed by the Department of Education and the State Board of Examiners. The Interim Finance Committee makes the final determination regarding whether to grant a waiver. A school district that is granted a waiver is prohibited from using the money for collective bargaining with its licensed employees or for an adjustment of salaries and benefits of district employees.

---

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN  
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1      **Section 1.** Chapter 387 of NRS is hereby amended by adding  
2 thereto a new section to read as follows:

3      *1. The board of trustees of a school district that experiences  
4 an economic hardship may submit a written request to the  
5 Department on a form prescribed by the Department for a waiver  
6 of all or a portion of the amount of money the school district is  
7 required to expend for textbooks, instructional supplies and  
8 instructional hardware pursuant to NRS 387.206 for the fiscal  
9 year.*

10     *2. Upon receipt of a written request pursuant to subsection 1,  
11 the Department shall consider the request and determine whether  
12 an economic hardship exists for the school district. The  
13 Department may request additional information from the school  
14 district in making the determination. If the Department determines  
15 that an economic hardship exists for the school district, the  
16 Department shall forward the request to the Interim Finance  
17 Committee and the State Board of Examiners, including the basis  
18 for its determination and any recommendations of the Department  
19 for the amount of a waiver.*

20     *3. Upon receipt of a written request from the Department  
21 pursuant to subsection 2, the State Board of Examiners shall  
22 consider the request and determine whether an economic hardship  
23 exists for the school district. If the State Board of Examiners  
24 determines that an economic hardship exists, it shall determine  
25 whether the hardship justifies a waiver of all or a portion of the  
26 expenditure requirements established for that school district for  
27 the fiscal year pursuant to NRS 387.206. The State Board of  
28 Examiners may request additional information from the school  
29 district in making the determination. If the State Board of  
30 Examiners determines that an economic hardship exists for the  
31 school district and that a waiver from all or a portion of the  
32 expenditure requirements is justified, the State Board of  
33 Examiners shall forward the request to the Interim Finance  
34 Committee, including the basis for its determination and its  
35 recommendation for the amount of the waiver. The Interim  
36 Finance Committee is not bound to follow the recommendations  
37 of the State Board of Examiners.*

38     *4. Upon receipt of a written request from the State Board of  
39 Examiners pursuant to subsection 3, the Interim Finance  
40 Committee shall consider the request and determine whether an  
41 economic hardship exists for the school district. If the Interim  
42 Finance Committee determines that an economic hardship exists,*

\* A B 1 3 R 2 \*

1    *it shall determine whether the hardship justifies a waiver of all or  
2    a portion of the expenditure requirements established for that  
3    school district for the fiscal year pursuant to NRS 387.206. The  
4    Interim Finance Committee may request additional information  
5    from the school district in making the determination. If the  
6    Interim Finance Committee grants a waiver, the Committee shall  
7    by resolution set forth the:*

8    (a) *Grounds for its determination;*

9    (b) *Amount of the waiver; and*

10    (c) *Period for which the waiver is effective.*

11    5. *The board of trustees of a school district that is granted a  
12    waiver by the Interim Finance Committee pursuant to this section  
13    shall, upon expiration of the period for which the waiver is  
14    granted, provide a written accounting to the Interim Finance  
15    Committee and the Department that includes a:*

16    (a) *Reconciliation of the revenue and expenditures with the  
17    projections of revenue and expenditures that were used to  
18    determine whether an economic hardship existed for the school  
19    district; and*

20    (b) *Description of how the money from the waiver was used.*

21    6. *If the Interim Finance Committee grants a waiver  
22    pursuant to this section and subsequently the economic hardship  
23    to the school district is mitigated because the actual revenue  
24    attributable to the school district exceeds projections or the actual  
25    expenses incurred by the school district are less than anticipated:*

26    (a) *The amount of the waiver must be reduced accordingly by  
27    the school district; and*

28    (b) *The amount of money the school district is required to  
29    expend for textbooks, instructional supplies and instructional  
30    hardware in the next fiscal year, as determined pursuant to  
31    subsection 1 of NRS 387.206, must be adjusted accordingly.*

32    7. *If a school district is granted a waiver pursuant to this  
33    section, the money that would have otherwise been expended by  
34    the school district to meet the requirements of NRS 387.206 for the  
35    fiscal year:*

36    (a) *May not be considered as financial ability to pay for the  
37    purposes of negotiation or arbitration regarding salaries and  
38    benefits.*

39    (b) *Must not be used to settle or arbitrate disputes or negotiate  
40    settlements between an organization that represents licensed  
41    employees of the school district and the school district.*

42    (c) *Must not be used to adjust the schedules of salaries and  
43    benefits of the employees of the school district.*

44    8. *For purposes of this section, an economic hardship exists  
45    for a school district if:*

\* A B 1 3 R 2 \*

1       (a) Projections of revenue do not meet or exceed the revenue  
2 anticipated at the time the basic support guarantees are  
3 established for the fiscal year pursuant to NRS 387.122; or  
4       (b) The school district incurs unforeseen expenses, including,  
5 without limitation, expenses related to a natural disaster.

6       **Sec. 2.** NRS 387.206 is hereby amended to read as follows:

7       387.206 1. On or before July 1 of each year, the Department,  
8 in consultation with the Budget Division of the Department of  
9 Administration and the Fiscal Analysis Division of the Legislative  
10 Counsel Bureau, shall develop or revise, as applicable, a formula for  
11 determining the minimum amount of money that each school district  
12 is required to expend each fiscal year for textbooks, instructional  
13 supplies and instructional hardware. The formula must be used only  
14 to develop expenditure requirements and must not be used to alter  
15 the distribution of money for basic support to school districts.

16       2. Upon approval of the formula pursuant to subsection 1, the  
17 Department shall provide written notice to each school district  
18 within the first 30 days of each fiscal year that sets forth the required  
19 minimum combined amount of money that the school district must  
20 expend for textbooks, instructional supplies and instructional  
21 hardware for that fiscal year. *If a school district is granted a waiver*  
22 *pursuant to section 1 of this act, the Department shall provide*  
23 *written notice to the school district within 30 days after the Interim*  
24 *Finance Committee grants the waiver setting forth the revised*  
25 *amount of money that the school district must expend for*  
26 *textbooks, instructional supplies and instructional hardware for*  
27 *the fiscal year.*

28       3. On or before January 1 of each year, the Department shall  
29 determine whether each school district has expended, during the  
30 immediately preceding fiscal year, the required minimum amount of  
31 money set forth in the notice *or the revised notice, as applicable*,  
32 provided pursuant to subsection 2. In making this determination, the  
33 Department shall use the report submitted by the school district  
34 pursuant to NRS 387.303.

35       4. Except as otherwise provided in subsection 5, if the  
36 Department determines that a school district has not expended the  
37 required minimum amount of money set forth in the notice *or the*  
38 *revised notice, as applicable*, provided pursuant to subsection 2, a  
39 reduction must be made from the basic support allocation otherwise  
40 payable to that school district in an amount that is equal to the  
41 difference between the actual combined expenditure for textbooks,  
42 instructional supplies and instructional hardware and the minimum  
43 required combined expenditure set forth in the notice *or the revised*  
44 *notice, as applicable*, provided pursuant to subsection 2. A

\* A B 1 3 R 2 \*

1 reduction in the amount of the basic support allocation pursuant to  
2 this subsection:

3       (a) Does not reduce the amount that the school district is  
4 required to expend on textbooks, instructional supplies and  
5 instructional hardware in the current fiscal year; and

6       (b) Must not exceed the amount of basic support that was  
7 provided to the school district for the fiscal year in which the  
8 minimum expenditure amount was not satisfied.

9       5. If the actual enrollment of pupils in a school district is less  
10 than the enrollment included in the projections used in the school  
11 district's biennial budget submitted pursuant to NRS 387.303, the  
12 required expenditure for textbooks, instructional supplies and  
13 instructional hardware pursuant to this section must be reduced  
14 proportionately.

15      **Sec. 3.** This act becomes effective on July 1, 2009.
