EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [omitted material] is material to be omitted.

AN ACT relating to county fire departments; requiring a board of county commissioners that creates a district for a fire department to adopt an ordinance requiring the imposition and collection of fees for the transportation of sick or injured persons by the department to a medical facility; mandating that such an ordinance in a county whose population is 400,000 or more limit the number of such transports by the department and require an annual report to the Legislature of the fees charged for, and the number of, such transports; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law requires the board of county commissioners, in a county where a
2 district for a fire department has been created and where the fire department
3 transports sick or injured persons to a medical facility, to adopt an ordinance that
4 either: (1) requires the fire department to impose and collect fees to defray the
5 expenses of furnishing such transportation; or (2) prohibits the imposition and
6 collection of such fees. (NRS 244.2961) **Section 1** of this bill repeals the option of
7 adopting an ordinance prohibiting the imposition and collection of such fees, except
8 in counties for which a nonprofit corporation has been granted an exclusive
9 franchise to provide ambulance service. **Section 1** also requires that, in a county
10 whose population is 400,000 or more (currently Clark County), such an ordinance
11 limit the number of transports the fire department may make annually to not more
12 than 1,000 transports, with an exception for emergency situations in which a private
13 ambulance is not available. **Section 2** of this bill, with respect to a county that has
14 already adopted an ordinance prohibiting the imposition and collection of such fees,

15 allows the county until January 1, 2010, to amend or repeal that ordinance. **Section**
16 **3** of this bill requires the board of county commissioners of a county whose
17 population is 400,000 or more to submit an annual report to the Legislature
18 regarding the number of yearly transports made by the fire department and the fees
19 charged for those transports.
