AN ACT relating to special districts; authorizing the creation of certain special districts to manage certain federal funds provided to the State; requiring that certain federal funds be distributed directly to certain special districts; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Chapter 308 of NRS provides for the creation of various types of special
2 districts for various purposes. This bill authorizes the creation of special districts to
3 manage money that is: (1) paid to the State by the Federal Government; and (2)
4 designated for the territory covered by the district. To qualify, the number of county
5 commissioners serving on the governing board of the special district cannot
6 constitute a majority and the special district must be authorized to act
7 independently of the county when managing the district. This bill also requires that,
8 if a special district has been created, federal money be paid directly to the district
9 and not to the county or counties within which the district lies.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:
