AN ACT relating to the Spring Mountains National Recreation Area; limiting certain powers of planning and zoning that may be exercised by local governments within the Area; limiting gaming in the Area to holders of restricted licenses; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

1       The Spring Mountains National Recreation Area includes Mt. Charleston and other land,  
2 both public and private, outside of Las Vegas. **Sections 1-8** of this bill prohibit local  
3 governments from making certain changes relating to zoning and development in the Spring  
4 Mountains National Recreation Area. A similar prohibition is provided for the Red Rock  
5 Canyon National Conservation Area and adjacent lands. (Chapter 105, Statutes of Nevada  
6 2003, p. 595) **Section 9** of this bill prohibits the Nevada Gaming Commission from issuing a  
7 nonrestricted license for any location in the Spring Mountains National Recreation Area,  
8 thereby limiting gaming in the Area only to current and future operations that hold restricted  
9 gaming licenses. (NRS 463.160, 463.161, 463.180, 463.190, 463.240)

1       WHEREAS, The Spring Mountains and their surrounds are a natural wonder  
2 within the State of Nevada that is uniquely beautiful and of scenic interest; and

3       WHEREAS, The Spring Mountains National Recreation Area includes several  
4 distinctive and significant geologic and natural heritage features, including, without  
5 limitation, Mount Charleston, Kyle Canyon, Griffith Peak, Harris Springs, Harris  
6 Mountain, the Deer Creek mountain pass, Angel Peak, Macks Canyon, Lee  
7 Canyon, Mummy Mountain, McFarland Peak, Bonanza Peak, Cold Creek, Wheeler  
8 Well, Charcoal Kilns, Mount Stirling Wilderness Study Area, Wallace Canyon,  
9 Carpenter Canyon, Trout Canyon, Lovell Canyon, Mountain Springs **[, Potosi  
10 Mountain]** and Native American archeological sites, including petroglyphs and  
11 agave roasting pits; and

12      WHEREAS, In addition to their scenic beauty and geologic significance, the  
13 Spring Mountains provide numerous recreational opportunities to visitors from both

1       within and without the State of Nevada, including, without limitation, hiking,  
2       climbing, bicycling, camping, horseback riding and winter sports such as  
3       snowshoeing and alpine and cross-country skiing; and

4       WHEREAS, With regard to tourism, the Spring Mountains provide a dramatic  
5       counterpoint to the activities offered within the more urban portions of Clark  
6       County, helping to draw to the area tourists who might not otherwise be interested  
7       in participating in gaming, attending shows or other such activities; and

8       WHEREAS, A significant part of the reason that the Spring Mountains are of  
9       interest to tourists, sightseers and recreational users is that they provide an area of  
10      sanctuary from the congestion and sprawl of the more urban portions of Clark  
11      County; and

12      WHEREAS, If the scenic views, natural beauty and rural character of the Spring  
13      Mountains were to be encroached upon by development that is on a large scale or  
14      of an inappropriate character, the value of the Spring Mountains National  
15      Recreation Area, with respect to tourism, sightseeing and recreation would be  
16      greatly diminished, to the detriment of Clark County and the State of Nevada as a  
17      whole; now, therefore,

18
