EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets **[omitted material]** is material to be omitted.

AN ACT relating to occupational diseases; revising provisions governing coverage for cancer as an occupational disease of certain firefighters; expanding the list of substances which are deemed to be known carcinogens that are reasonably associated with specific disabling cancers; **[providing that coverage for cancer as an occupational disease applies to a firefighter who has been employed for 2 years or more under certain circumstances]**; requiring **[certain]** annual physical examinations of **certain** firefighters who qualify for coverage for cancer as an occupational disease; and providing other matters properly relating thereto.

1 **Legislative Counsel's Digest:**

2 Under existing law, cancer which results in temporary disability, permanent disability or
3 death is an occupational disease and compensable as such under the provisions of chapter 617
4 of NRS if the cancer develops or manifests itself out of and in the course of employment of a person who, for 5 years or more, has been employed as a full-time firefighter or has been
5 acting as a volunteer firefighter and who, during the course of the employment, was exposed
6 to a known carcinogen that is reasonably associated with the disabling cancer. Existing law
7 also sets forth a list of substances that shall be deemed to be known carcinogens that are
8 reasonably associated with specific disabling cancers. (NRS 617.453) This bill **[provides that**
9 **coverage for cancer as an occupational disease applies if a firefighter has been employed for 2**
10 **years or more. This bill also]** expands the list of substances which are deemed to be known
11 carcinogens that are reasonably associated with specific disabling cancers. In addition, this bill
12 requires each firefighter who **is employed in this State in a full-time salaried occupation of**
13 **fire fighting for the benefit or safety of the public and who** qualifies for coverage for
14 cancer as an occupational disease to submit to an annual physical examination. **[and This**
15 **bill also** requires the employer of the firefighter to pay for the physical examination.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 **Section 1.** NRS 617.453 is hereby amended to read as follows:

2 617.453 1. Notwithstanding any other provision of this chapter, cancer,
3 resulting in either temporary or permanent disability, or death, is an occupational
4 disease and compensable as such under the provisions of this chapter if:

5 (a) The cancer develops or manifests itself out of and in the course of the
6 employment of a person who, for ~~5~~ 12 years or more, has been:

7 (1) Employed in this State in a full-time salaried occupation of fire fighting
8 for the benefit or safety of the public; or

9 (2) Acting as a volunteer firefighter in this State and is entitled to the
10 benefits of chapters 616A to 616D, inclusive, of NRS pursuant to the provisions of
11 NRS 616A.145; and

12 (b) It is demonstrated that:

13 (1) He was exposed, while in the course of the employment, to a known
14 carcinogen as defined by the International Agency for Research on Cancer or the
15 National Toxicology Program; and

16 (2) The carcinogen is reasonably associated with the disabling cancer.

17 2. With respect to a person who, for ~~5~~ 12 years or more, has been employed
18 in this State in a full-time salaried occupation of fire fighting for the benefit or
19 safety of the public, the following substances shall be deemed, for the purposes of
20 paragraph (b) of subsection 1, to be known carcinogens that are reasonably
21 associated with the following disabling cancers:

22 (a) Diesel exhaust, formaldehyde and polycyclic aromatic hydrocarbon shall be
23 deemed to be known carcinogens that are reasonably associated with bladder
24 cancer.

25 (b) Acrylonitrile, formaldehyde and vinyl chloride shall be deemed to be
26 known carcinogens that are reasonably associated with brain cancer.

27 (c) Diesel exhaust and formaldehyde shall be deemed to be known carcinogens
28 that are reasonably associated with colon cancer.

29 (d) Formaldehyde shall be deemed to be a known carcinogen that is reasonably
30 associated with Hodgkin's lymphoma.

31 (e) Formaldehyde and polycyclic aromatic hydrocarbon shall be deemed to be
32 known carcinogens that are reasonably associated with kidney cancer.

33 (f) Chloroform, soot and vinyl chloride shall be deemed to be known
34 carcinogens that are reasonably associated with liver cancer.

35 (g) Acrylonitrile, benzene, formaldehyde, polycyclic aromatic hydrocarbon,
36 soot and vinyl chloride shall be deemed to be known carcinogens that are
37 reasonably associated with lymphatic or haemopoietic cancer.

38 (h) *Diesel exhaust, soot, aldehydes and polycyclic aromatic hydrocarbon
39 shall be deemed to be known carcinogens that are reasonably associated with
40 basal cell carcinoma, squamous cell carcinoma and malignant melanoma.*

41 (i) *Acrylonitrile, benzene and formaldehyde shall be deemed to be known
42 carcinogens that are reasonably associated with prostate cancer.*

43 (j) *Diesel exhaust, soot and polychlorinated biphenyls shall be deemed to be
44 known carcinogens that are reasonably associated with testicular cancer.*

45 (k) *Diesel exhaust, benzene and X-ray radiation shall be deemed to be known
46 carcinogens that are reasonably associated with thyroid cancer.*

47 3. The provisions of subsection 2 do not create an exclusive list and do not
48 preclude any person from demonstrating, on a case-by-case basis for the purposes

1 of paragraph (b) of subsection 1, that a substance is a known carcinogen that is
2 reasonably associated with a disabling cancer.

3 4. *Each employee who is employed in this State in a full-time salaried
4 occupation of fire fighting for the benefit or safety of the public and is to be
5 covered for cancer pursuant to the provisions of this section shall submit to a
6 physical examination, including:*

7 (a) Upon employment, a chest X ray, a thyroid ultrasound scan, a blood
8 panel, a urine occult blood test and:

- 9 (1) For men, a prostate-specific antigen test; and
10 (2) For women, a baseline mammogram; and

11 (b) On an annual basis while employed, a thyroid ultrasound scan and, for
12 men, a prostate-specific antigen test.

13 5. All physical examinations required pursuant to subsection 4 must be paid
14 for by the employer.

15 6. Compensation awarded to the employee or his dependents for disabling
16 cancer pursuant to this section must include:

17 (a) Full reimbursement for related expenses incurred for medical treatments,
18 surgery and hospitalization in accordance with the schedule of fees and charges
19 established pursuant to NRS 616C.260 or, if the insurer has contracted with an
20 organization for managed care or with providers of health care pursuant to NRS
21 616B.527, the amount that is allowed for the treatment or other services under that
22 contract; and

23 (b) The compensation provided in chapters 616A to 616D, inclusive, of NRS
24 for the disability or death.

25 5.7. Disabling cancer is presumed to have developed or manifested itself
26 out of and in the course of the employment of any firefighter described in this
27 section. This rebuttable presumption applies to disabling cancer diagnosed after the
28 termination of the person's employment if the diagnosis occurs within a period, not
29 to exceed 60 months, which begins with the last date the employee actually worked
30 in the qualifying capacity and extends for a period calculated by multiplying 3
31 months by the number of full years of his employment. This rebuttable presumption
32 must control the awarding of benefits pursuant to this section unless evidence to
33 rebut the presumption is presented.

34 6.8. The provisions of this section do not create a conclusive presumption.

35 Sec. 2. This act becomes effective on July 1, 2009.
