AN ACT relating to time shares; providing for the relocation of a time share under certain circumstances; authorizing the withdrawal of time share units from a time-share plan under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 **Section 1** of this bill provides that certain types of time shares may be relocated to
2 another unit or parcel if (1) if the replacement unit or parcel is within the same project and
3 governed by the same time share instrument as the original unit or parcel; (2) if the
4 replacement unit or parcel has a value which is greater than or equal to the value of the
5 original unit or parcel; (3) if the replacement unit or parcel contains similar sleeping
6 accommodations for at least the same number of persons as the original unit or unit type
7 within the parcel; (4) if the time share is not a fixed unit time share; and (5) if the time share is
8 a fixed week time share or the rights of use are within a particular season, use in the same
9 fixed week or season is available, if certain conditions are satisfied. **Section 1** only
10 authorizes such relocation of a time share if: (1) the time share is owned by the developer; or
11 (2) the relocation is approved by a majority of the association and agreed to by the developer.

12 Existing law provides that if a time-share instrument authorizes the developer to
13 withdraw units from the time-share plan, any unit that is subject to withdrawal may not be
14 withdrawn if a time share attributable to that unit is owned by a purchaser. (NRS 119A.495)
15 **Section 2** of this bill allows units or parcels to be withdrawn from time-share plan by the
16 developer if all the requirements for such a withdrawal are met, including consent by any
17 remaining owners, amendment of the time-share instrument to reflect the withdrawal, and the
18 establishment or amendment of agreements between the developer and the association to share
19 certain costs equitably.
