S.B. No. 233—Provides for the free immunization of certain children against certain diseases within limits of available money. (BDR 40-105)

SENATE BILL NO. 233—SENATORS WOODHOUSE, BREDEN, WIENER, PARKS, HORSFORD; CARE, COFFIN, MATHEWS AND SCHNEIDER

MARCH 13, 2009

Referred to Committee on Health and Education

SUMMARY—~~Provides for the free immunization of certain children against certain diseases within limits of available money.~~ Revises provisions relating to immunizations. (BDR 40-105)

FISCAL NOTE: Effect on Local Government: No.
Effect on the State: Contains Appropriation not included in Executive Budget.

~

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to public health; creating the Nevada Advisory Committee on Vaccines; requiring manufacturers of immunizations to submit certain information to the Director of the Department of Health and Human Services; requiring the free immunization of certain children against certain diseases within the limits of legislative appropriations; ~~limiting the rates manufacturers of immunizations may charge for certain immunizations sold to providers of health care in this State;~~ making ~~appropriations to pay for the costs of such immunizations,~~ an appropriation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law authorizes the Health Division of the Department of Health and Human
2 Services to administer provisions governing the administration of public health, which
3 includes the establishment of immunization programs. (NRS 439.010) The Health
4 Division has established the Nevada Immunization Program and the Vaccines for
5 Children Program to increase the rate of immunization for persons in this State.
6 Sections 2-4 of this bill create the Nevada Advisory Committee on Vaccines to advise and
7 make recommendations to the Health Division concerning immunization programs in
8 this State and to develop and implement public policy regarding the immunization of
9 persons in this State.

10 Existing law provides that, subject to certain exceptions, a child must be immunized
11 against certain diseases before the child may be enrolled in a public or private school or
12 admitted to a child care facility in this State. (NRS 392.435, 394.192, 432A.230) Existing law
13 also requires the county, city, town and district boards of health to hold clinics for the
14 immunization of children not less than 1 month before the opening date of the school year.
15 (NRS 439.535)

16 Section ~~4~~ 4 of this bill requires the Health Division ~~of the Department of Health and~~
17 ~~Human Services~~ and the county, city, town and district boards of health, within the limits of
18 legislative appropriation, to establish a program that provides certain immunizations, without
19 charging for the cost of the vaccine, booster or medicine, for each child if: (1) the child is a

20 resident of this State; (2) the child is less than 4 years of age; and (3) the cost of the
21 immunization is not eligible for payment or reimbursement by an insurer, health plan, health
22 benefit plan or program of public assistance. Section 4 permits charges to be assessed for
23 the cost of the administration of the vaccine, booster or medicine to the child, including the
24 cost of any fee for providing medical or professional services.

25 Section 6 of this bill requires a manufacturer which sells immunizations in this State
26 to prepare and submit to the Director of the Department an annual report regarding the
27 actual cost to the manufacturer of producing each immunization which the
28 manufacturer sells in this State.

29 Section 7 of this bill limits the amount that a manufacturer may charge for certain
30 immunizations sold to providers of health care in this State.

31 Section 8 of this bill makes an appropriation to the Department of Health and Human
32 Services for the provision of these immunizations in the next biennium. The Department must
33 allocate the appropriations among the Health Division and the county, city, town and district
34 boards of health in a manner that will most effectively provide for the required
35 immunizations.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Chapter 439 of NRS is hereby amended by adding thereto the
2 provisions set forth as sections 2, 3 and 4 of this act.

3 Sec. 2. As used in sections 2, 3 and 4 of this act, unless the context
4 otherwise requires, "Advisory Committee" means the Nevada Advisory
5 Committee on Vaccines created pursuant to section 3 of this act.

6 Sec. 3. 1. There is hereby created the Nevada Advisory Committee on
7 Vaccines consisting of seven members appointed by the Director as follows:

8 (a) Five members who are persons knowledgeable in promoting
9 immunizations and educating the public concerning immunizations;

10 (b) One member who is a representative of the Nevada Chapter of the
11 American Academy of Pediatrics or its successor organization; and

12 (c) One nonvoting member who is a representative of a program of
13 immunizations carried out by the Health Division.

14 2. Members of the Advisory Committee must not be employees of or
15 otherwise receive compensation from a person related to the pharmaceutical
16 industry.

17 3. The term of each member is 2 years. A member may be reappointed.

18 4. Members of the Advisory Committee serve without compensation.

19 5. A majority of the voting members of the Advisory Committee constitutes a
20 quorum for the transaction of business, and a majority of the quorum is required
21 for action taken by the Advisory Committee.

22 6. The Advisory Committee shall:

23 (a) At its first meeting and annually thereafter, elect a Chairman from
24 among its members; and

25 (b) Meet at the call of the Chairman or a majority of its members.

26 Sec. 4. The Advisory Committee created pursuant to section 3 of this act
27 shall:

28 1. Advise and make recommendations to the Health Division concerning
29 the programs of immunization in this State; and

30 2. Develop and implement public policy regarding the immunization of
31 persons in this State, including, without limitation:

32 (a) Identifying the costs associated with immunizations and reviewing
33 alternative means to pay the costs of immunizations;

1 (b) Identifying and reviewing obstacles to immunizing persons in this State
2 and methods to ensure that the public has adequate access to immunizations; and
3 (c) Identifying and reviewing methods to increase the rate of immunization
4 of persons in this State.

5 Section 1. Sec. 5. NRS 439.535 is hereby amended to read as follows:

6 439.535 1. Within the limits of legislative appropriation, the Health
7 Division and the county, city, town and district boards of health shall establish a
8 program that provides for the immunization of each eligible child for the diseases
9 enumerated in NRS 392.435, 394.192 and 432A.230 without charging for the cost of the
10 vaccine, booster or medicine used for the immunization if the cost of the
11 vaccine, booster or medicine is not eligible for payment or reimbursement by an
12 insurer, health plan, health benefit plan or program of public assistance,
13 including, without limitation, Medicaid or the Children's Health Insurance
14 Program as defined in NRS 422.021. For the purposes of this subsection, a child
15 is an "eligible child" if the child is a resident of this State and is less than 4 years
16 of age.

17 2. In carrying out the program established pursuant to subsection 1, the
18 Health Division and the county, city, town and district boards of health and any
19 person who is qualified to administer the vaccine, booster or medicine used for
20 the immunization may charge for the cost of the administration of the vaccine,
21 booster or medicine to the child, including the cost of any fee for providing
22 medical or professional services.

23 3. The Department shall allocate any money appropriated by the
24 Legislature for the program established pursuant to subsection 1 among the
25 Health Division and the county, city, town and district boards of health in a
26 manner that the Department determines will most effectively provide for the
27 immunizations required by this section.

28 4. Clinics for the immunization of children for the diseases enumerated in
29 NRS 392.435, 394.192 and 432A.230 must be held by the county, city, town ~~for~~
30 and district boards of health [~~as the case may be, not~~].

31 (a) Not less than 1 month before the opening date of the school year in the
32 respective counties, cities and towns within the State [~~as the case may be, not~~].

33 2. Qualified personnel of any clinic; and

34 (b) At such other times as necessary to most effectively provide for the
35 immunizations required by this section.

36 5. Any person who is qualified to administer ~~vaccines or boosters~~ a
37 vaccine, booster or medicine used for an immunization pursuant to this section
38 and who administers such a vaccine, booster or medicine to a child, in good faith
39 and without gross negligence ~~fails~~, is immune from civil and criminal liability.

40 6. As used in this section, "diseases enumerated in NRS 392.435, 394.192
41 and 432A.230" means the diseases enumerated in those sections and all other
42 diseases for which immunization is required by the local board of health or the
43 State Board of Health pursuant to the authority granted by those sections.

44 Sec. 6. Chapter 439B of NRS is hereby amended by adding thereto the
45 provisions set forth as sections 6 and 7 of this act.

46 Sec. 7. 1. A manufacturer which sells immunizations in this State shall
47 prepare and submit to the Director an annual report regarding the actual cost to
48 the manufacturer of producing each immunization which the manufacturer sells
49 in this State. The cost of the immunizations must be reported in the form
50 prescribed by the Director for a unit dose or package of units, as applicable.

51 2. The Department shall annually post on the Internet website maintained
52 by the Department the information provided by each manufacturer pursuant to
53 subsection 1.

1 Sec. 8. 1. A manufacturer of an immunization for the diseases
2 enumerated in NRS 392.435, 394.192 and 432A.230 shall not charge for such an
3 immunization sold to a provider of health care in this State a rate which is
4 greater than 115 percent of the rate charged to the Centers for Disease Control
5 and Prevention of the United States Department of Health and Human Services
6 for the purchase of that immunization.

7 2. As used in this section, "diseases enumerated in NRS 392.435, 394.192
8 and 432A.230" means the diseases enumerated in those sections and all other
9 diseases for which the immunization is required by a local board of health or the
10 State Board of Health pursuant to the authority granted by those sections.

11 See. 2. Sec. 9. 1. There is hereby appropriated from the State General
12 Fund to the Department of Health and Human Services to carry out the program of
13 immunizations required pursuant to NRS 439.535, as amended by section ~~4~~ 4 of
14 this act:

For the Fiscal Year 2009-2010	\$53,000,000	<u>\$185,260</u>
For the Fiscal Year 2010-2011	\$53,000,000	<u>\$224,343</u>

17 2. Any balance of the sums appropriated by subsection 1 remaining at the end
18 of the respective fiscal years must not be committed for expenditure after June 30
19 of the respective fiscal years by the entity to which the appropriation is made or any
20 entity to which money from the appropriation is granted or otherwise transferred in
21 any manner, and any portion of the appropriated money remaining must not be
22 spent for any purpose after September 17, 2010, and September 16, 2011,
23 respectively, by either the entity to which the money was appropriated or the entity
24 to which the money was subsequently granted or transferred, and must be reverted
25 to the State General Fund on or before September 17, 2010, and September 16,
26 2011, respectively.

27 See. 3. Sec. 10. This act becomes effective on July 1, 2009.
