Legislative Counsel's Digest:

Existing law allows public and private mental health facilities, facilities for skilled nursing, facilities for intermediate care and correctional facilities to return to the dispensing pharmacy certain prescription drugs that are dispensed to a patient of the facility but not used by that patient and to reissue those drugs to other patients of the facility. (NRS 433.801, 449.2485, 639.2675) **Sections 1, 2 and 6** of this bill authorize those facilities to return to the dispensing pharmacy such drugs for reissuance by a nonprofit pharmacy designated by the State Board of Pharmacy to reissue the drugs. **Section 3** of this bill authorizes nonprofit pharmacies to reissue those drugs for other prescriptions in the pharmacy free of charge. **Section 3** also provides that a person, pharmacy, facility or manufacturer of a drug who exercises reasonable care in the transfer, acceptance, distribution or dispensation of a drug is not subject to certain civil or criminal liability. The Board is required to adopt regulations to carry out the provisions of this bill.
