AN ACT relating to education; revising provisions governing the Governor Guinn Millennium Scholarship Program; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Governor Guinn Millennium Scholarship Program and prescribes the eligibility requirements for the Millennium Scholarship, including a requirement that a student must have graduated from a public or private high school in this State not more than 6 years before he applies for the Millennium Scholarship. Existing law also authorizes the Board of Regents of the University of Nevada to establish criteria with respect to certain students who have been on active duty serving in the Armed Forces of the United States to exempt such students from the 6-year limitation on applications for the Millennium Scholarship. (NRS 396.926, 396.930) This bill requires the Board of Regents to establish criteria with respect to students who actively served or participated in a charitable, religious or public service assignment or mission to exempt such students from the 6-year limitation on applications for the Millennium Scholarship. The criteria must provide for the award of Millennium Scholarships to those students who qualify for the exemption and who otherwise satisfy the eligibility criteria to the extent that money is available after all other obligations for the award of Millennium Scholarships for the current school year have been satisfied.
