AN ACT relating to education; establishing a program for the alternative licensure of teachers; requiring the Commission on Professional Standards in Education to adopt regulations providing for the issuance and renewal of a special qualifications license to teach in certain subject areas to applicants who satisfy certain requirements; providing for the prospective expiration of the program; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the issuance of a special qualifications license to teach to an applicant who satisfies certain requirements. (NRS 391.019) **Section 1** of this bill establishes a program for the alternative licensure of teachers and requires the Commission on Professional Standards in Education to adopt regulations providing for the issuance and renewal of a special qualifications license to teach in the subject areas of biological science, chemistry, general science, mathematics or physics to an applicant who: (1) holds a Passport to Teaching certification from the American Board for Certification of Teacher Excellence; and (2) agrees to participate in a program of mentoring for the first year of his employment as a teacher with a school district or charter school. An applicant for such licensure is exempt from certain examination requirements. A person who is licensed pursuant to **section 1** may not teach in a public school which is designated as demonstrating need for improvement. **Sections 3 and 4** of this bill specify that a special qualifications license issued pursuant to the program for alternative licensure is subject to existing provisions of law governing certain other special qualifications licenses. (NRS 391.031, 391.037) **Section 6** of this bill requires the Commission to report to the Legislature on or before December 31, 2014, concerning the program for alternative licensure. **Section 7** of this bill provides for the prospective expiration of the program on June 30, 2015.

Existing law provides for a similar program for alternative licensure but conditions that program on the approval by the Commission of the Passport to Teaching certification from the American Board for Certification of Teacher Excellence as an alternative route to licensure. That program is currently codified in NRS 391.019 and is scheduled to expire on June 30, 2011. **Section 5** of this bill provides for the expiration of that program on June 30, 2009, to correspond with the enactment of the program for alternative licensure established by **section 1** of this bill.
