EXPLANATION – Matter in **bolded italics** is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to the training of drivers; revising requirements that an automobile drivers' education course offered by a public school or educational institution must meet for the school or institution to be exempted from the requirements for licensure as a driving school; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Under existing law, public schools and educational institutions in which driving
2 instruction is part of the curriculum are exempted from laws requiring licensure of
3 driver training schools and instructors for such schools. (NRS 483.770) This bill
4 revises that exemption to require that, to qualify for the exemption, the public
5 school or educational institution: (1) must allow a student to apply the credit earned
6 for an automobile drivers' education course to those credits required for graduation;
7 and (2) must not charge the student any fee for the course other than a laboratory
8 fee that may only cover the actual costs of providing the laboratory portion of the
9 course.
