5 the condition of the revenue, taxable funds, resources, income and property of the
6 State and the amount of the expenditures for the preceding fiscal year; (2) a full and

8 whole amount of each appropriation made by law, the amount paid under each of
9 those appropriations and the unexpended balance of those appropriations; and (4) a
10 tabular statement showing the amount of revenue collected from each county for
11 the preceding year. (NRS 227.110) **Section 1** of this bill requires the State
12 Controller to make available for public inspection, on an Internet website
13 established and maintained by him or her, data concerning all expenditures
14 accounts and revenue accounts, including, without limitation, certain accounts
