Legislative Counsel's Digest:

This bill provides for the licensing and regulation of the practice of dietetics by the State Board of Health. The practice of dietetics is the performance of acts of assessment, evaluation, diagnosis, counseling, intervention, monitoring or treatment of a person relating to nutrition, food, biology, and behavior to achieve and maintain proper nourishment and care of the health of the person.

Sections 2-10 and 20-31 of this bill regulate the activities of persons who engage in the practice of dietetics and include provisions concerning: (1) applications for and renewals of a license to engage in the practice of dietetics; and (2) the duties and scope of practice of a licensed dietitian.

Sections 18 and 33 of this bill require the Board to charge and collect certain fees relating to the issuance of licenses and to carry out its other duties.

Section 23 of this bill authorizes the Board to issue a provisional license to a person who does not meet all the qualifications for licensure under certain circumstances. **Section 24** of this bill authorizes the Board to issue a temporary license to a person for the limited purpose of treating patients in this State for a limited period under certain circumstances.

Sections 34-44 of this bill govern disciplinary proceedings against a licensed dietitian and authorize the Board to suspend or revoke a license or deny an application for a license under certain circumstances. **Section 45** of this bill prohibits a person who is not licensed pursuant to the provisions of this bill from acting or holding himself or herself out as a licensed dietitian. **Section 46** of this bill provides that a violation of any provision of this bill is a misdemeanor and, in addition to any criminal penalty that may be imposed, authorizes the Board to impose a civil penalty for each violation.

Sections 47-51 and 58-60 of this bill include licensed dietitians in the definition of "provider of health care" to ensure that licensed dietitians comply with the same requirements for standards of care, medical records and medical devices as other providers of health care such as doctors or nurses.

Sections 52-54 of this bill require a licensed dietitian to report suspected incidents of abuse or neglect of an older or vulnerable person, and require a report to be forwarded to the Board if a licensed dietitian is suspected of abuse or neglect of an older or vulnerable person.

Section 64 of this bill requires the Board to grant a license to engage in the practice of dietetics to a person who does not meet the qualifications for licensure but who was engaged in the practice of dietetics in this State before 2012 and meets certain other requirements.

Money damages awarded for loss of future earnings must not be reduced or payments terminated by reason of the death of the judgment creditor, but must be paid to persons to whom the judgment creditor owed a duty of support, as provided by law, immediately before the judgment creditor's death. In such cases, the court that rendered the original judgment may, upon petition of any party in interest, modify the judgment to award and apportion the unpaid future damages in accordance with this subsection.

6. If the court finds that the judgment debtor has exhibited a continuing pattern of failing to make the periodic payments as specified pursuant to subsection 5, the court shall find the judgment

debtor in contempt of court and, in addition to the required periodic payments, shall order the judgment debtor to pay the judgment creditor all damages caused by the failure to make such periodic payments, including, but not limited to, court costs and attorney's fees.

7. Following the occurrence or expiration of all obligations specified in the periodic payment judgment, any obligation of the judgment debtor to make further payments ceases and any security given pursuant to subsection 4 reverts to the judgment debtor.
