6. On or after July 1, 2002, if a household is eligible to receive assistance pursuant to this section, the Division:

(a) Shall, to the extent practicable, determine the amount of assistance that the household will receive by determining the amount of assistance that is sufficient to reduce the percentage of the household's income that is spent on natural gas and electricity to the median percentage of household income spent on natural gas and electricity statewide.

(b) May adjust the amount of assistance that the household will receive based upon such factors as:
