AN ACT relating to programs for recycling; enacting provisions requiring the payment of deposits and refunds on certain beverage containers sold in this State; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

1 This bill establishes a program for requiring deposits to be paid and then  
2 refunded on certain recyclable beverage containers sold in this State. Under **section**  
3 **10** of this bill, every beverage container, with certain exceptions, has a refund value  
4 of 5 cents. **Section 11** of this bill requires every beverage container sold in this  
5 State to be clearly labeled with that refund value and as being recyclable and  
6 originally sold in this State. **Section 12** of this bill requires a consumer to deposit  
7 the refund value of each beverage container when purchasing a filled container, and  
8 **section 13** of this bill provides for the refunding of that value to the consumer and  
9 the eventual return of empty beverage containers to bottlers. **Section 14** of this bill  
10 prohibits a person from attempting to return for a refund more than a certain  
11 number of empty beverage containers that the person knows or has reason to know  
12 were not originally sold in this State. **Section 15** of this bill provides for the  
13 separate accounting of money received as a deposit for a beverage container and  
14 requires certain surplus money to be transferred to the Division of Environmental  
15 Protection of the State Department of Conservation and Natural Resources for use  
16 in recycling and recycling promotion and education programs. **Section 16** of this  
17 bill requires certain reports to be made to the Division, and **section 17** of this bill  
18 requires the Division to adopt regulations necessary to carry out the provisions of  
19 this bill.
