Legislative Counsel's Digest:

Existing law requires employers to pay a payroll tax on the wages paid to their respective employees during each calendar quarter. The tax is imposed on financial institutions at the rate of 2 percent per calendar quarter and on other employers at the rate of 0.63 percent per calendar quarter. (NRS 363A.130, 363B.110) **Sections 1 and 2** of this bill authorize financial institutions and other employers, respectively, to deduct from the total amount of wages reported and upon which the payroll tax is imposed all wages paid to a newly hired full-time employee during the first 4 full calendar quarters next following the hiring of the employee, and 50 percent of all wages paid to the employee during the fifth through eighth full calendar quarters next following the hiring of the employee if, at the time of hiring, the employee has been unemployed for a continuous period of not less than 60 days and certain other conditions are satisfied.
