AN ACT relating to the Public Employees’ Retirement System; revising provisions relating to the administration of the System; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

1 Under existing law, the Public Employees’ Retirement System is required to  
2 establish rules and regulations for transacting its business and for administering the  
3 System, subject to any limitations imposed by existing law. Such rules are required  
4 to include rules relating to the administration of retirement plans in accordance with  
5 federal law. (NRS 286.200) To ensure compliance with federal tax law, this bill  
6 eliminates references to the 1991 versions of several sections of the Internal  
7 Revenue Code. Thus, the current versions of those Internal Revenue Code  
8 provisions would apply where referenced in relation to the administration of the  
9 System.
