EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to genetic marker analysis; imposing an administrative assessment upon a defendant convicted of any crime; requiring that a biological specimen be obtained from a person arrested for a felony or a sexual offense; providing a penalty; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

**Section 2** of this bill imposes an additional administrative assessment of \$1 for every \$10 in fines or fees imposed on a person convicted of a misdemeanor, gross misdemeanor or felony. **Section 2** also provides that the money collected from the assessments must be used to defray the costs associated with obtaining biological specimens and genetic marker analysis.

Under existing law, if a defendant is convicted of a felony or certain other specified offenses, the court, as part of the defendant's sentence, must order that a biological specimen be obtained from the defendant and that the specimen be used for analysis to determine the genetic markers of the specimen. (NRS 176.0911-176.0917) **Section 3** of this bill requires that a biological specimen be obtained if a person is arrested for a felony or a sexual offense punishable as a misdemeanor. **Section 3** also provides that if the person is convicted of the felony or the sexual offense, the specimen must be kept, but if the person is not convicted, the specimen and all records relating thereto must be destroyed and expunged.

Existing law prohibits a person from sharing or disclosing certain information relating to another person's biological specimen or genetic marker analysis and makes such conduct a misdemeanor. (NRS 176.0913) **Sections 3 and 8** of this bill increase the penalty for such conduct from a misdemeanor to a category C felony.
