

Assembly Joint Resolution No. 1–
Committee on Taxation

FILE NUMBER.....

ASSEMBLY JOINT RESOLUTION—Proposing to amend certain provisions of the Nevada Constitution related to the assessment and collection of property taxes to authorize the Legislature to provide by law for the calculation of the taxable value of improvements to real property upon the transfer, sale or conveyance of the property.

Legislative Counsel's Digest:

Existing law requires that depreciation of an improvement to real property be calculated at 1.5 percent of the replacement cost of the improvement for each year of adjusted actual age of the improvement, up to a maximum of 50 years, when determining the value of the property for the purposes of assessing and collecting property taxes. (NRS 361.227) This proposed amendment to the Nevada Constitution authorizes the Legislature to enact a statute which provides for the calculation of the taxable value of improvements to real property upon such transfers, sales or other conveyances of the property as the Legislature deems appropriate.

EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

RESOLVED BY THE ASSEMBLY AND SENATE OF THE STATE OF NEVADA, JOINTLY, That Section 1 of Article 10 of the Nevada Constitution be amended to read as follows:

Section 1. 1. The Legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, which shall be assessed and taxed only as provided in Section 5 of this Article.

2. Shares of stock, bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt.

3. The Legislature may constitute agricultural and open-space real property having a greater value for another use than that for which it is being used, as a separate class for taxation purposes and may provide a separate uniform plan for appraisal and valuation of such property for assessment purposes. If such plan is provided, the Legislature shall also provide for retroactive assessment for a period of not less

than 7 years when agricultural and open-space real property is converted to a higher use conforming to the use for which other nearby property is used.

4. Personal property which is moving in interstate commerce through or over the territory of the State of Nevada, or which was consigned to a warehouse, public or private, within the State of Nevada from outside the State of Nevada for storage in transit to a final destination outside the State of Nevada, whether specified when transportation begins or afterward, shall be deemed to have acquired no situs in Nevada for purposes of taxation and shall be exempt from taxation. Such property shall not be deprived of such exemption because while in the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged.

5. The Legislature may exempt motor vehicles from the provisions of the tax required by this Section, and in lieu thereof, if such exemption is granted, shall provide for a uniform and equal rate of assessment and taxation of motor vehicles, which rate shall not exceed five cents on one dollar of assessed valuation.

6. The Legislature shall provide by law for a progressive reduction in the tax upon business inventories by 20 percent in each year following the adoption of this provision, and after the expiration of the 4th year such inventories are exempt from taxation. The Legislature may exempt any other personal property, including livestock.

7. No inheritance tax shall ever be levied.

8. The Legislature may exempt by law property used for municipal, educational, literary, scientific or other charitable purposes, or to encourage the conservation of energy or the substitution of other sources for fossil sources of energy.

9. No income tax shall be levied upon the wages or personal income of natural persons. Notwithstanding the foregoing provision, and except as otherwise provided in subsection 1 of this Section, taxes may be levied upon the income or revenue of any business in whatever form it may be conducted for profit in the State.

10. The Legislature may provide by law for an abatement of the tax upon or an exemption of part of the assessed value of a single-family residence occupied by the owner to the extent necessary to avoid severe economic hardship to the owner of the residence.

11. The Legislature may provide by law for the determination of the value of improvements to real property for the purposes of taxation upon the transfer, sale or other conveyance of the property as the Legislature determines to be appropriate.
