AN ACT relating to gaming; requiring the Nevada Gaming Commission to adopt regulations pertaining to independent testing laboratories; authorizing independent testing laboratories to inspect and certify gaming devices, equipment and systems; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Gaming Control Board to inspect every gaming device which is manufactured, sold or distributed: (1) for use in this State, before the gaming device is put into play; and (2) in this State for use outside this State, before the gaming device is shipped from this State. The Board may also inspect every gaming device which is offered for play within this State by a state gaming licensee. Additionally, the Board may inspect various gaming equipment and systems which are manufactured, sold or distributed for use in this State and may determine, charge and collect an inspection fee from each gaming manufacturer, seller or distributor. (NRS 463.670)

This bill requires the Nevada Gaming Commission to adopt regulations providing for the registration of independent testing laboratories, which may be utilized by the Board to inspect and certify gaming devices, equipment and systems, and any components thereof, and providing for the standards and procedures for the revocation of registration of such independent testing laboratories. Such regulations must establish uniform protocols and procedures that the Board and independent testing laboratories must follow during the inspection and certification of gaming devices, equipment and systems, and any components thereof. This bill also authorizes the Commission to determine, charge and collect inspection fees from independent testing laboratories.
