AN ACT relating to motor vehicles; providing an exemption from emissions inspection for certain motor vehicles; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the issuance of special license plates for certain older motor vehicles in categories including antique vehicles, street rods, classic rods and classic vehicles. (NRS 482.381, 482.3812, 482.3814, 482.3816) Existing law also requires the State Environmental Commission to establish criteria that allow motor vehicles with such license plates to qualify for an exemption from standards for the control of emissions from motor vehicles, and to provide by regulation that an evaluation required of such motor vehicles to qualify for the exemption may be conducted at stations authorized to perform inspections of motor vehicles and devices for compliance with emissions standards. (NRS 445B.760)

Section 5 of this bill provides for the exemption of those older motor vehicles that have been issued the special license plates from standards for the control of emissions without the performance of any such evaluation if the owner of the motor vehicle certifies that the motor vehicle has not been driven more than 5,000 miles the previous year. **Sections ~~1-4~~ 1.7-4** of this bill require that the owner of such a motor vehicle which qualifies for the exemption pay a fee to the Department of Motor Vehicles, to be accounted for in the Pollution Control Account, in an amount equal to the cost for a certificate of compliance with emissions standards. **~~1.4~~ (currently \$6, but subject to statutory change).**

Section 1 of this bill provides that if an authorized inspection station or authorized station tests the emissions from a motor vehicle and the motor vehicle fails the emissions test, the Department of Motor Vehicles is prohibited, for a period of 90 days after the motor vehicle fails the emissions test, from issuing for the motor vehicle an "Old Timer," "Street Rod," "Classic Rod" or "Classic Vehicle" special license plate. The effect of section 1 is to discourage persons from attempting to obtain such a special license plate for the express purpose of circumventing the laws of this State pertaining to emissions from motor vehicles. Section 1 applies only within the geographic areas of this State in which motor vehicles are subject to emissions testing.
