Legislative Counsel's Digest:

The Local Government Budget and Finance Act authorizes the governing body of a local government to establish certain funds, including an enterprise fund to account for operations which are financed and conducted in a manner similar to the operations of a private business, where the intent of the governing body is to have the expenses of providing goods or services to the general public financed through charges imposed on users. (NRS 354.470-354.626)

Section 1 of this bill ~~[prohibits]~~ **allows** a governing body of a local government ~~[from loaning or transferring any money from an enterprise fund, any money collected from fees imposed for the purpose for which an enterprise fund was created or any income or interest earned on money in an enterprise fund to: (1) any fund that is unrelated to the purpose for which the enterprise fund was created; or (2) the general fund of a local government.]~~ **to loan or transfer money from an enterprise fund only if the loan or transfer is made: (1) as a medium-term obligation in compliance with certain requirements; (2) to pay the expenses of the pertinent enterprise; (3) for a cost allocation for employees, equipment or other resources; or (4) upon the dissolution of the fund. In addition, section 1 allows such a governing body to increase the amount of the fees imposed for the purpose for which an enterprise fund was created only if the Committee on Local Government Finance approves that increase or the fees are imposed on certain public utilities for a right-of-way over a public area. Lastly, section 1 requires the Committee to submit biennial reports to the Legislature regarding compliance with the requirements of that section. Section 9** of this bill provides that any officer or employee of a local government who violates **section 1** is guilty of a misdemeanor and upon conviction ceases to hold his or her office or employment.
