AN ACT relating to public health; requiring certain persons [who administer controlled substances or dangerous drugs to complete annual training concerning safe injection practices; requiring] and entities that are licensed, registered or certified by the Health Division of the Department of Health and Human Services [to approve or establish a training program concerning safe injection practices; requiring] certain district boards of health or certain boards which license [register or certify] health care professionals to [approve continuing education courses] attest that they have knowledge of and are in compliance with certain guidelines concerning safe injection practices [; providing a penalty;] as a condition of the issuance or renewal of their licenses, registration or certificates; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Sections 4 and 7 of this bill require certain persons who are authorized to administer controlled substances or dangerous drugs to complete annually 2 hours of training relating to safe injection practices. Sections 4 and 7 exempt from the training requirements persons who administer controlled substances or dangerous drugs which are topical drugs or are not for use by a human being. Sections 4 and 7 also require the Health Division of the Department of Health and Human Services to approve or establish a training program which meets the requirements of those sections.

2 Sections 1-3 and 7.21 of this bill require **This bill requires the Health Division of the Department of Health and Human Services, certain district boards of health and certain** boards that license [and certain health care facilities that employ persons who are authorized to administer controlled substances or dangerous drugs to ensure completion of the annual training relating to safe injection practices. Additionally, sections 2, 3 and 10-20 require boards that license persons who are authorized to administer controlled substances or dangerous drugs to approve programs of training relating to safe injection practices and to

15 credit those hours of training toward the hours of continuing education required for renewal of
16 professional licenses held by such persons.

17 Section 22 of this bill requires all persons who are required to complete the training
18 relating to safe injection practices pursuant to sections 4 and 7 to complete the initial annual
19 training on or before December 31, 2012.] register or certify health care professionals to
20 require, as a condition of issuing or renewing a license, registration or certificate, that
21 the applicant for issuance or renewal of the license, registration or certificate must attest
22 to knowledge of and compliance with the guidelines of the Centers for Disease Control
23 and Prevention concerning the prevention of transmission of infectious agents through
24 safe and appropriate injection practices.
